## **2. Texts adopted on the occasion of the 8th Conference of the Council of Europe on the European Landscape Convention**

The Conference examined, discussed and finally approved three texts for consideration by the CDCPP and further presentation to the Committee of Ministers: two draft recommendations and a draft Protocol amending the Convention. The fourth text – a draft Resolution by the Committee of Ministers – is submitted for information only, since the necessity of its adoption will depend on the entering into force of the Protocol.

\*

**The first text** is a draft Recommendation of the Committee of Ministers to member States on pedagogical material for landscape education in primary school. It aims at promoting educational activities in the landscape field, in accordance with article 6.B of the Convention. It supplements the recent recommendation by the Committee of Ministers on the promotion of landscape awareness (CM/Rec(2014)8).

The draft recommendation urges member States to make use of the document entitled Pedagogical material for landscape education in primary school [CDCPP (2015) 15 Add]. This document can be accessed at the following address:

[http://www.coe.int/t/dg4/cultureheritage/heritage/Landscape/ReunionConf/8eConference/CEP-CDCPP-2015-15Add-6B\\_en.pdf](http://www.coe.int/t/dg4/cultureheritage/heritage/Landscape/ReunionConf/8eConference/CEP-CDCPP-2015-15Add-6B_en.pdf)

The Committee is invited to examine and if appropriate adopt the draft Recommendation for presentation to the Committee of Ministers.

### **COUNCIL OF EUROPE COMMITTEE OF MINISTERS**

#### **Draft Recommendation CM/Rec(2015)... of the Committee of Ministers to member States on pedagogical material for landscape education in primary school**

*(Adopted by the Committee of Ministers on ... 2015,  
at the ... meeting of the Ministers' Deputies)*

The Committee of Ministers of the Council of Europe, under the terms of Article 15.b of the Statute of the Council of Europe,

Considering that the aim of the Council of Europe is to achieve greater unity between its members for the purpose of safeguarding and realising the ideals and principles which are their common heritage;

Having regard to the European Landscape Convention (ETS No. 176, 2000);

Believing that the landscape is a key element of individual and social well-being and that its protection, management and planning entail rights and responsibilities for everyone;

Considering the aims of the European Landscape Convention and wishing to encourage its implementation;

Referring to Article 6.B of the European Landscape Convention on specific measures for training and education, which states that "Each Party undertakes to promote: ... school ... courses which, in the relevant subject areas, address the values attaching to landscapes and the issues raised by their protection, management and planning";

Recalling the principles laid out in Recommendation CM/Rec(2008)3 of the Committee of Ministers to member States on the guidelines for the implementation of the European Landscape Convention, according to which school curricula should foster children's awareness of and sensitivity to landscape;

Having regard to Recommendation CM/Rec(2014)8 of the Committee of Ministers to member States on promoting landscape awareness through education which considers that one of the aims of education is to train young people and equip them with a set of skills necessary for citizenship and democracy;

Asserting that educational activities in the landscape field are an excellent way of giving meaning to the future;

Recommends that the governments of member States make the document “Pedagogical material for landscape education in primary school” available as a source of inspiration and facilitate its dissemination and translation into other languages as appropriate.

\*

**The second text** is also a draft Recommendation by the Committee of Ministers to member States Parties to the European Landscape Convention, on the implementation of article 9 of the Convention on transfrontier landscapes. The text aims at encouraging member States and their local and regional authorities to work together and develop as appropriate joint programmes with neighbouring authorities for the purpose of protecting, managing and developing landscapes.

The CDCPP is invited to examine and if appropriate adopt the draft Recommendation for presentation to the Committee of Ministers. The Committee might consider the advisability of requesting other committees – such as the CDDG – to give their opinion on the text before its finalization.

#### **COUNCIL OF EUROPE COMMITTEE OF MINISTERS**

#### **Draft Recommendation CM/Rec(2015)... of the Committee of Ministers to member States on the implementation of Article 9 of the European Landscape Convention on transfrontier landscapes**

*(Adopted by the Committee of Ministers on ... 2015,  
at the ... meeting of the Ministers' Deputies)*

The Committee of Ministers, under the terms of Article 15.b of the Statute of the Council of Europe,

Considering that the aim of the Council of Europe is to achieve a greater unity between its members for the purpose of safeguarding and realising the ideals and principles which are their common heritage,

Having regard to the European Landscape Convention (ETS No. 176, 2000),

Considering Article 9 of the said Convention on transfrontier landscapes which states that “The Parties shall encourage transfrontier co-operation on local and regional level and, wherever necessary, prepare and implement joint landscape programmes”,

Referring to the European Outline Convention on Transfrontier Co-operation between Territorial Communities or Authorities (ETS No. 106, 1980) and its additional protocols,

Bearing in mind the European Charter of Local Self-Government (ETS No. 122, 1985),

Considering that transfrontier landscapes bear witness to geographical continuity, historic events and the human and cultural relationships that have been forged over time,

Eager to raise greater awareness on both sides of the border of the landscape values of the areas concerned and to promote transfrontier co-operation focusing on landscapes,

Wishing to involve and bring together elected representatives, professionals, the local population and other stakeholders taking action for the protection, management and development of these transfrontier landscapes,

Considering that it is important for appropriate consideration to be given to landscape and its environmental, cultural, social and economic values as a development factor for local societies,

1. Recommends that the States Parties to the European Landscape Convention promote co-operation focusing on transfrontier landscapes by encouraging local and regional authorities to work together to draw up, where appropriate, joint landscape-enhancement programmes for implementation of Article 9 of the European Landscape Convention on transfrontier landscapes;

2. Calls on the Parties concerned to inform the other Parties to the Convention, in the framework of the Council of Europe Information System on the European Landscape Convention, of the co-operation programmes drawn up and put in place in order to foster an exchange of experience between the Parties.

\*

**The third text** prepared by the Conference is a draft Protocol amending the European Landscape Convention. The purpose of the Protocol is to enable non-European States to accede to the European Landscape Convention. It is recalled that at its previous meeting in April 2014 the CDCPP had a debate on this issue and that the vast majority of its members did not take a position on it.

The accession of non-European States to the Convention will be possible – according to the conditions and following the procedures established by the Protocol itself – only after all Parties to the Convention have ratified the Protocol. This period, which may be very long, could be reduced to two years, unless a Party to the Convention has notified the Secretary General of the Council of Europe of an objection to its entry into force (Cf. Article 7, paragraph 4).

The Committee is invited to discuss the advisability of such a Protocol and, if its conclusion is positive, to transmit the draft to the Committee of Ministers for adoption and opening for signature.

### 3. Work Programme and terms of reference

The Committee is invited to examine the following list of activities, amend it as it deems appropriate, and agree that they be implemented within the limits of the budgetary appropriations voted by the Committee of Ministers or having recourse to earmarked voluntary contributions.

The Committee is also invited to agree to the setting up of a Working Group made up of representatives of States Parties to the Convention, for the purpose of exchanging information, facilitating the implementation of the Convention and preparing the various technical meetings linked to the Convention (workshops and conferences).

The CDCPP is invited to appoint three of its members to sit in the Working Group.

---

<sup>2</sup> The Work programme is proposed to cover the period between the 8th and the 9th Conference of the Council of Europe on the European Landscape Convention

<sup>3</sup> This support by expertise is going to be more on the basis of "brainstorming sessions".

7. Developing a common action on the three pillars of the CDCPP, using, namely, available methods on horizontal and vertical co-operation and broadly based participation (walks, discussions, photos, etc.) based on a joint reflection paper that could possibly finish with a workshop.
