Draft resolution (for vote) AMDT 1, 2	3
Draft recommendation (for vote) AMDT 1	3

Summary

This report follows a three-part monitoring visit in Turkey which ratified the European Charter of Local Self-Government in 1992, with reservations on ten provisions of the Charter. The first two parts took place respectively in October and November 2019. Another visit was carried out in December 2021 to update the information collected in 2019 and to streamline the report already prepared.

The report notes with satisfaction the impressive turnout in recent local elections that took place in 2019 (above 84%), which is one of the highest in the Council of Europe member States and shows a strong interest in local self-government among the citizens.

However, the report notes a generally degrading situation in terms of local self-government. The rapporteurs express their concerns about the small progress in implementing Congress Recommendation 397(2017) on the situation of local elected representatives in Turkey. They also deplore the provincial electoral administration's refusal to grant the required certificate of elections to several candidates who won the elections. They point out the governor's double function as a State agent and a chairman of the provincial executive committee which is contrary to the spirit of the Charter, as well as the administrative tutelage over the activities and decisions of local authorities ; the state overregulation and interventionism in planning decisions of local authorities; the lack of consultation of affected local authorities during the boundary changes enacted by legislation; the limited capacity of local authorities to determine the rate of local taxes and the fact that a large proportion of local revenues (more than half) still comes from the State budget which limits the financial autonomy enjoyed by local authorities.

Consequently, national authorities are called upon in particular to modify the definition of terrorism in the current legislation so that it is defined in a way not allowing for an overly broad interpretation and ensuring a strict government enforcement and respect of human rights and values of representative democracy and to stop the current practice of the removal of mayors without court decisions with the aim to respect the

presumption of innocence and the system of democratically elected representatives. They are also invited in particular to discontinue the practice of appointing a governmental trustee in municipalities where the mayor has been suspended; to ensure that the candidates who were admitted to run in the elections and won them can effectively enjoy their right to carry out their mandate; to introduce legal amendments so that the governor will no longer be *de jure* the head of the special provincial administration and the chairman of the executive committee; to implement the constitutional principle of administrative tutelage at the lowest possible level of intensity; to reinforce consultation of local authorities and to increase the proportion of own local revenues.

The Congress will continue to monitor closely the situation of local democracy in Turkey and will undertake the strengthening of its political dialogue with Turkish national authorities with the aim of improving the situation of local democracy in the country in the light of the provisions of the Charter.

b. The Committee on the Honouring of Obligations and Commitments by member States of the European Charter of Local Self-Government (hereinafter referred to as Monitoring Committee) instructed Mr Jakob WIENEN (Netherlands, EPP/CCE) as rapporteur on local democracy, and Ms Yoomi RENSTRÖM (Sweden, SOC/G/PD) as rapporteur on regional democracy, to prepare and submit a report on the monitoring of the European Charter of Local Self-Government in Turkey to the Congress. A two-part visit to Turkey was carried out by the Congress delegation, which was assisted by Prof. Angel M. MORENO, President of the Group of Independent Experts on the Charter and the Congress secretariat;

c. The monitoring visit took place from 1 to 4 October 2019 (first part of the visit) and from 11 to 13 November 2019 (second part of the visit). The report was adopted by the Monitoring Committee in February 2020. The draft recommendation and resolution could not be adopted by the Congress session due to the Covid-19 pandemic. In the meantime, both rapporteurs have left the Congress. Therefore, the Monitoring Committee appointed Vladimir PREBILIC, Slovenia (L, SOC/G/PD) and David ERAY, Switzerland (R, EPP/CCE) and instructed them to update the explanatory memorandum before its submission to the Congress at one of its sessions in 2022. To this end, a third part of the monitoring visit took place on 1 December 2021. In Turkey, the Congress delegations met representatives of various institutions at all levels of government as well as leaders of most relevant national parties, non-governmental organisations and foreign diplomatic representatives. The detailed programmes of the three parts of the visit are appended to the report;

d. The co-rapporteurs wish to thank the Permanent Representation of the Republic of Turkey to the Council of Europe and all those whom they met during the visits for the information they provided and comments they made;

3. The Congress reiterates that member States of the Council of Europe that have signed and ratified the Charter have undertaken to comply with its provisions.

4. The Congress expresses concern regarding:

Amendment 1

Presented by Enes ÖZKARSLI, Turkey, R, EPP/CCE.

Signed by: Cemal BAŞ, Turkey, L, EPP/CCE; Hilal AYIK, Turkey, L, EPP/CCE; Anar IBRAHIMOV, Azerbaijan, R, EPP/CCE; Mustafa PALANCIOĞLU, Turkey, R, EPP/CCE.

In sub-paragraph 4.a delete the part “an overly broad definition”; “in the anti-terror legislation”; “thus seriously undermining the democratic choice of Turkish citizens and impeding the proper functioning of local democracy in Turkey and take out the quotes from the term “terrorism”.

The sub-paragraph 4.a would read:

4.a. the small progress in implementing Congress Recommendation 397(2017) on the Fact-finding mission on the situation of local elected representatives in Turkey. The government continues to suspend mayors when a criminal investigation is opened against them (Article 7.1), on the grounds of terrorism, and to replace them by non-elected officials (Article 3.2).”

a. the small progress in implementing Congress Recommendation 397(2017) on the Fact-finding mission on the situation of local elected representatives in Turkey. The government continues to suspend mayors when a criminal investigation is opened against them (Article 7.1), on the grounds of an overly broad definition of “terrorism” in the anti-terror legislation, and to replace them by non-elected officials (Article 3.2) thus seriously undermining the democratic choice of Turkish citizens and impeding the proper functioning of local democracy in Turkey;

b. the provincial electoral administration’s refusal, in violation of the principle of fairness in elections, to grant to several candidates who won the mayoral elections in some municipalities located in the south-east of Turkey the required certificate of elections (*mazbata*) which is a pre-requisite to entering the position of mayor (Article 3.2);

c. the governor's double function as a State agent and a chairman of the provincial executive committee which does not permit the necessary separation between the State and the local administration contrary to the spirit of the Charter (Article 3.2);

d. administrative tutelage over the activities and decisions of local authorities is still enshrined in the Constitution and applied in practice. The State overregulation and interventionism in planning decisions of local authorities take the form of the efficiency control over own tasks and responsibilities of local authorities and limit their capacity to enjoy full and exclusive powers (Articles 4.4, 8.2);

e. the lack of consultation of affected local authorities during the boundary changes enacted by legislation (Article 5) which also reflects the unsatisfactory level of communication and inter-governmental dialogue between the central government and local authorities in Turkey in general;

f. local governments have a limited capacity to determine the rate of local taxes (Art. 9.3), and a substantial proportion of local revenues (more than half) still comes from the State budget which generally limits the financial autonomy enjoyed by local authorities;

g. local authorities in the southeast of the country face additional pressures in delivering basic services such as housing, food and sanitation due to an unprecedented influx of refugees and asylum seekers.

5. In light of the foregoing, the Congress:

a. undertakes to strengthen its political dialogue with the Turkish national authorities as well as with the national delegation to the Congress and the Union of Municipalities of Turkey (UMT) with the aim of improving the situation of local democracy in the country in light of the provisions of the Charter;

Amendment 2

Presented by Enes ÖZKARSLI, Turkey, R, EPP/CCE.

Signed by: Cemal BAŞ, Turkey, L, EPP/CCE; Hilal AYIK, Turkey, L, EPP/CCE; Anar IBRAHIMOV, Azerbaijan, R, EPP/CCE; Mustafa PALANCIOLU, Turkey, R, EPP/CCE.

To delete sub-paragraph 5.b.

b. invites the rapporteurs to update the Monitoring Committee regularly during its meetings on the latest developments as regard local and regional government in Turkey, and in particular, as regard the shortcomings identified in the recommendation and its explanatory memorandum.

a. The small progress in implementing Congress Recommendation 397(2017) on the Fact-finding mission on the situation of local elected representatives in Turkey. The government continues to suspend mayors when a criminal investigation is opened against them (Article 7.1), on the grounds of an overly broad definition of "terrorism" in the anti-terror legislation, and to replace them by non-elected officials (Article 3.2) thus seriously undermining the democratic choice of Turkish citizens and impeding the proper functioning of local democracy in Turkey;

b. The provincial electoral administration's refusal, in violation of the principle of fairness in elections, to grant to several candidates who won the mayoral elections in some municipalities located in the south-east of Turkey the required certificate of elections ("*mazbata*") which is a pre-requisite to entering the position of mayor (Article 3.2);

c. the governor's double function as a State agent and a chairman of the provincial executive committee which does not permit the necessary separation between the State and the local administration contrary to the spirit of the Charter (Article 3.2);

d. administrative tutelage over the activities and decisions of local authorities is still enshrined in the Constitution and applied in practice. The State overregulation and interventionism in planning decisions of local authorities take the form of the efficiency control over own tasks and responsibilities of local authorities and limit their capacity to enjoy full and exclusive powers (Articles 4.4, 8.2);

e. the lack of consultation of affected local authorities during the boundary changes enacted by legislation (Article 5) which also reflects the unsatisfactory level of communication and inter-governmental dialogue between the central government and local authorities in Turkey in general;

f. local governments have a limited capacity to determine the rate of local taxes (Art. 9.3), and a substantial proportion of local revenues (more than half) still comes from the State budget which generally limits the financial autonomy enjoyed by local authorities;

g. local authorities in the southeast of the country face additional pressures in delivering basic services such as housing, food and sanitation due to an unprecedented influx of refugees and asylum seekers.

5. In light of the foregoing, the Congress requests that the Committee of Ministers invite the Turkish authorities to:

a. modify the definition of terrorism in the current anti-terror legislation, so that this concept is defined in a way not allowing for an overly broad interpretation and ensuring a strict governmental enforcement and respect of human rights and values of representative democracy;

b. stop the current practice of suspending mayors without court decisions, make all possible efforts to reconcile the legitimate fight against terrorism with the requirements of local democratic life and accordingly use the technique of the suspension of mayors with the greatest possible caution and restrictive approach, with the aim to respect the presumption of innocence and the system of democratically elected representatives;

c. discontinue the practice of appointing a governmental trustee in municipalities where the mayor has been suspended and modify the legal framework so that whenever a mayor is suspended, opportunity is given to the council to appoint an interim or acting mayor from among its members, in accordance with the possibility contained in the original version of the Municipality Law of 2005 (Art. 45) and until the procedural situation of the suspended mayor is clarified;

d. ensure that the candidates who were admitted to run in the elections and won them can effectively enjoy their right to carry out their mandate;

e. introduce the necessary legal amendments so that the Governor will no longer be *de jure* the Head of the Special Provincial Administration and the chairman of its executive committee, and to allow the general council of this local authority to appoint and dismiss the head and the chairman of the executive committee or, failing this, to make these positions elected directly by the people;

- f.* implement the constitutional principle of administrative tutelage at the lowest possible level of intensity, in the spirit of the Charter, to protect and ensure local autonomy and reduce supervision over local authorities, especially in the domain of finances, loans and planning;
 - g.* reinforce consultation of local authorities, in particular in the case of amalgamations or changes in the local authorities' boundaries;
 - h.* increase the proportion of own local revenues and enhance the regulatory and rate-setting power of local authorities in respect of their own taxes through fiscal decentralisation;
 - i.* take measures in order to develop the internal auditing and financial controls of local authorities;
 - j.* consider ratification of Articles 7.3, 9.4, 9.7, 10.3 since they are respected in practice;
 - k.* take appropriate measures to encourage the involvement of women in local political life;
 - l.* sign and ratify the Additional Protocol to the European Charter of Local Self-Government on the right to participate in the affairs of a local authority (ETS No. 207).
6. The Congress calls on the Committee of Ministers and the Parliamentary Assembly of the Council of Europe to take account of this recommendation on the monitoring of the European Charter of Local Self-Government in Turkey and the explanatory memorandum in their activities relating to this member State.
