Integrated Approach

There are specific regulations for digitisation of HeritageDdata in Belarus. Accordingly to the Ministerial Programme "Culture of Belarus 2011 - 15, 2020" other state and ministerial plans there should be created and published on web-sourses the National Data Bank of historical and cultural Heritage. This Data Bank is also mentioned in the State Law on the Protection of historical and cultural Heritage. Work on the creation of a such Data Bank is finished approximately on 70% at the moment. Is should be finished and published up to 2018.

6.2.A Do you have information systems and databases such as intranet, extranet and internet sites concerning heritage (i.e. IT-d

No

Integrated Approach

The National Data Bank of historical and cultural Heritage would be not only a Data storage, but a kind of a network between ministerial specialists, local specialists and a wide public where the final administration is carried out by Ministry of Culture but partially information is updated by local specialists. Users are specialists, experts and professionals on every level as well as every person interested in Heritage protection and use.
