**ON THE CONSERVATION OF EUROPEAN  
WILDLIFE AND NATURAL HABITATS**

## Introduction

This report provides an overview of the exceptions granted in the territory of the European Union by the EU Member States during 2019-2020, based on the national reports on derogations issued under Article 9 of the Birds Directive and Article 16 of the Habitats Directive, submitted to the European Commission by the Member States. It compiles the information from the overview tables for the derogations under the Birds Directive<sup>1</sup> and the Habitats Directive<sup>2</sup> that are published on the webpages of the DG Environment.

## How to use the table

The table provides links to the Reportnet<sup>3</sup> folders that include the specific national reports. In case there are older versions or wrong reports submitted by a Member State, the link provided in this table points to the report indicated as correct by the national authorities.

To view these reports please click on the files included in the folder and choose the HTML version or the Excel version. If you encounter problems, please try changing browser. In some cases, the folders include additional information in other formats.

Please note that the following table gives an overview of the availability of national reports but does not provide any assessment of their contents.
