Letter of motivation applying for the position as 1st vicechair of the Monitoring Committee

Having been a member of the Monitoring Committee for more than 10 years, representing Denmark, I would be happy to take on more responsibility in the work of the committee.

None of us are unaware of the importance of the work of the Monitoring Committee. Highlighting the status of local and regional democracy in all of the member states in the Council of Europe. As well as the monitoring of the election processes in all the local elections.

I will be honoured to be elected 1st vicechair of the Monitoring Committee and will do my very best to participate in a constructive manner to the work of the committee.

Best regards

Kirstine Bille

1st vicemayor of the municipality of Syddjurs, Denmark
