

Stoyan Tonchev – alerts from 26 January 2016 and 15 January 2021

Based on the conducted operative-search measures and undertaken actions during the investigation, the charge was brought against two persons. However, due to the existing information in the pre-trial procedure about a third unidentified person, in 2018 materials were compiled for a new pre-trial procedure on the description of the Regional Directorate of the Ministry of Interior in Burgas. The latter took actions for the identification of the third person. The pre-trial procedure against the two defendants was concluded with bringing of an indictment to court, which acquitted both parties thereafter.

On the topic of the second pre-trial procedure, all necessary operative-search measures and actions for the investigation were conducted. However, they did not lead to the identification of the unidentified person. Therefore, in January 2019 the pre-trial procedure was suspended in accordance with Art. 244, par. 1, item 2 of the Penal Procedure Code. At present, there have been neither new information nor circumstances, which could be the basis for reopening the case.
