## CALL FOR TENDERS

### FOR THE PROVISION OF CONSULTANCY SERVICES ON ROMA INTERGATION POLICIES IN MONTENEGRO (ROMA INTEGRATION PHASE III PROJECT – THEMATIC CONSULTANTS)

2023/AO/80

#### A. BACKGROUND

The Roma Integration Phase III joint project of the Council of Europe and the European Commission aims to strengthen the capacities of governments in the Western Balkans and Türkiye in addressing the challenges faced by the Roma community. The initiative focuses on enhancing public policies in areas such as housing, employment, civil registration, and facilitating the green and digital transition.

The project will work closely with the governments in Western Balkans and Türkiye to develop and implement effective strategies and policies that promote social inclusion, equal opportunities, and improved living conditions for the Roma population. By bolstering these key policy areas, the project seeks to foster positive changes and create a more inclusive society for the Roma community in the region.

The Roma Integration III project builds on the work done by the Roma Action Team within the Regional Cooperation Council from 2016-2022 under the IPA projects, Roma Integration first two phases. It corresponds to the thematic priorities of the IPA III Programming Framework and the EU Enlargement policy. The rule of law priority envisages integration of marginalised communities such as Roma and combating discrimination. It also recognises Roma under social protection and inclusion and combating poverty. In addition, the new [EU Roma Strategic Framework For Equality, Inclusion and Participation](#) provides for a comprehensive three-pillar approach which complements the on-going efforts towards the socio-economic inclusion of Roma while also fostering equality and promoting participation in the public service and public life. The project will support the implementation of the new Roma integration strategies adopted by the governments from the Western Balkans in 2021-2022 and in Türkiye in 2023. Lastly, the project will support the organisation of the national Roma Seminars, national Platforms and the support of the National Roma Contact Points participation in the EU relevant Roma inclusion fora (Annual DG JUST Roma Platform, European Parliament Romani week and Council Presidency Roma inclusion event).

The Roma Integration III project will work within three areas of support:

1. The **mainstreaming of Roma issues in relevant public policies** and the **fight against antigypsyism**: antigypsyism is recognised and addressed through legislation, communication tools and institutions; the institutional capacities of public servants are built on combating antigypsyism.
2. Support to Roma **socio-economic integration** and Roma equality in the areas of housing, education, employment, health, civil registration, and in the green and digital transition: employment of Roma is encouraged both in public and private sector; legalisation of informal settlements progresses in the Beneficiaries and is encouraged to be included among the priorities of the central-level governments; civil registration is resolved; the implementation of the Green Agenda Action Plan for the Western Balkans, the Green Deal Action Plan of Türkiye and the digital transformation agenda are progressing and ensure the Roma population's active involvement in green and digital initiatives.
3. The reinforcement of the **institutional capacities** of the governments to tackle challenges faced by Roma in the region: policies and institutional arrangements dealing with Roma issues exist in the region; relevant monitoring and reporting mechanisms are developed; budget for Roma planning and reporting is improved; regular regional co-operation is ensured and policies are mainstreamed in socio-economic spheres.

The first two areas of support are directly linked to the priority areas listed in the EU Roma Framework For Equality, Inclusion and Participation, focusing on employment and housing where the least progress has been noted during the past two decades, as well as antigypsyism, which is among the strategic priorities of the Council of Europe Strategic Action Plan for the Roma and Traveller Inclusion (2020 - 2025). The third area of support builds the capacities of the governments in the region to mainstream, programme, budget, implement, and monitor and report on the inclusion of Roma, which relies on the Council of Europe's on-going work on promotion of good governance and Roma empowerment at local level in the Western Balkans and Türkiye (2017-2024). Hence, the three outcomes of the project will contribute to enhancing the focus to include not only the socio-economic integration (education, employment, housing, health, civil registration) but also the effective inclusion and equality and meaningful participation of the Roma population in the Western Balkans and Türkiye.

### Stakeholders

The main stakeholders of the project are: National Roma Contact Points, civil servants in the line ministries, National IPA Coordinators, European Union Delegation/Office, equality bodies, media representatives, Roma and pro-Roma civil society and organisation, Roma individuals and community representatives.

### Project duration and beneficiaries

The project has a duration of 36 months (1 May 2023- 30 April 2026, with possible extension until 30 April 2027). It will consolidate and expand the efforts to improve the implementation of Roma inclusion policies in the following seven Beneficiaries: Albania, Bosnia and Herzegovina, Montenegro, North Macedonia, Serbia, Türkiye and Kosovo\*. This procedure covers only a single Beneficiary – Montenegro.

### Budget

For information purposes only, the total budget of the project amounts to 3 million Euros and the total amount of the object of the 7 different calls for tenders published should in principle not exceed 440 000 Euros in total (for all Beneficiaries, for all lots, for the whole duration of the Framework Contracts). This information does not constitute any sort of contractual commitment or obligation on the part of the Council of Europe.
