

Motivation for the Candidacy as President of the Monitoring Committee

14 March 2021

Dear Ladies and Gentlemen,
Dear Colleagues,

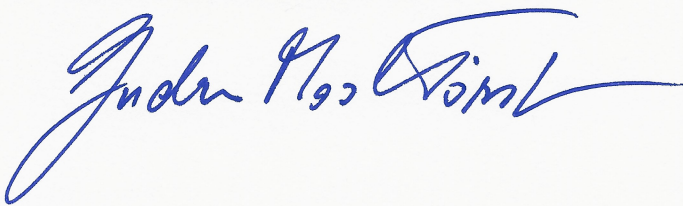

I am hereby applying for the position as President of the Monitoring Committee. Since 2009 I have been a dedicated Member of Congress. As you can see from the enclosed CV, my qualifications meet the requirements for this position.

Through my active participation in various monitoring visits and election observations, as well as representing Congress at official meetings as President, I was able to further deepen my knowledge of the wide range of tasks and functions in Congress.

I am aware that the general conditions have changed significantly as a result of the pandemic. Therefore, it is important to me to contribute all my previous experiences and to do my utmost to strengthen the Monitoring Committee despite the new and challenging conditions.

I ask you to have faith in me and my abilities and to support me in the election for this important position.
