

2021-03-19

Dear colleagues,

Hereby I declare my availability for the election as Vice-President of the Chamber of the Regions.

The municipalities and regions are the foundation of our democracy upon which the human rights and well-being of the citizens rely on. It is our duty to protect and guarantee these rights within all member states. The COVID-pandemic has shown the responsibilities of the local and regional level to cope major crisis and that we are committed to build more sustainable societies together. Europe is facing many challenges that can only be addressed by cooperation within the frame of democracy, human rights and the rule of law, core values of the Council of Europe.

Our daily work is to continue the consolidation of local and regional democracy and local autonomy within the Council of Europe, to help through dialogue each member to reach the objectives of the European Charter of Local Self-Government. The Chamber of the Regions must be a strong voice in the European concert in order to promote a stronger regional democracy, ensure good governance and strengthen the principle of subsidiarity and the right of consultation.

We have a unique opportunity to deepen our mission within the Congress and make our contribution to the building of democracy, human rights and the Council of Europe.

Thank you for your trust!

Cecilia Dalman Eek
