Candidacy for the position of Vice-President in the Local Chamber of the Congress

Dear Colleagues,

Herewith I would like to submit my application for the position of Vice President of the Local Chamber of the Congress for the period 2018-2020.

I truly believe in the values and in the strength of the Congress and the important role that is playing defending democracy and solidarity among all members.

Mayors and mayoress know the importance of proximity policy. Our closeness to citizens makes us anticipate their demands and also be in a better position to satisfy them. All this learning is what I put at the service of Congress. In addition, I will work to bring the Congress closer to the citizens, but also to the local governments of the countries we represent.

Together with my partners from the Socialist Party, my Spanish colleagues and partners from other national delegations I want to defend the role played by local governments in the construction of the European values, and the role that we have to play in the future.

I am also full member of the Council of European Municipalities and Regions (CCRE) and full member of the United Cities of Local Government (UCLG) which allows me to generate useful synergies for the benefit of the Congress.

I would like to continue my work within the Local Chamber as one of the Vice-Presidents and it would be an honour to use my skills and my network for the benefit of the Socialist Group and the Congress.

Sincerely,

Enclosure: CV
