Committee of Experts on the Rights and the Best interests of the Child in Parental Separation and in Care Proceedings (CJ/ENF-ISE)

CJ/ENF-ISE: Working methods and workplan

CJ/ENF-ISE: WORKING METHODS AND WORKPLAN

- This document was prepared by the CDENF and CDCJ secretariats. At its 5th meeting (2-4 May 2022), the CJ/ENF-ISE examined and approved the work programme, timetable and working methods below of the Committee for 2022-2023.
- 1. The main tasks and deliverables of the Committee of Experts on the rights and the best interests of the child in parental separation and in care proceedings (CJ/ENF-ISE) are set out in its <u>terms of reference for 2020 2021</u>, as adopted by the Committee of Ministers, and renewed for the period 2022-2023.
- 2. The workplan, reproduced in Appendix below, takes into account the necessity to adapt, where appropriate, new working methods due to the current COVID-19 pandemic, in particular on the need to use new technologies, videoconferences, participation in meetings via video-link and written procedures in order to pursue the implementation during the period of 2022-2023. Such adaptations apply also to the processes and necessary interactions between the steering committees the CDENF and the CDCJ and their subordinate body, the CJ/ENF-ISE.
- 3. During the biennium 2022-2023, the CJ/ENF-ISE shall hold 2 three-days meetings each year. The possibility for members, participants and observers to take part in physical meetings of the CJ/ENF-ISE will depend on the evolution of travel and quarantine restrictions in member states. Therefore, the current proposed workplan takes into account the possibility that additional virtual sessions (3 hours) and/or days of physical meetings of the CJ/ENF-ISE may be required to be organised. As regards budgetary implications, the current proposals do not necessitate additional funding.
- 4. Article 14 (c) of Appendix 1 to Resolution CM/Res(2021)3 on intergovernmental committees and subordinate bodies, their terms of reference and working methods, provides that "in exceptional cases and for specialised tasks which cannot be carried out by a member of the committee or by the Secretariat, committees may [...] have recourse to consultants[...].
- 5. The CJ/ENF-ISE will be supported by several consultants, who will provide necessary background research and support the Committee of Experts in the drafting process.
