

International conference on online investigations: Darknet and online sexual violence against children

30 September- 1 October 2019 > The Hague

Wouter Veenstra, Manager Global Outreach and Partnerships, GFCE Secretariat

el Foro Global para la Ciber Experiencia

Global Forum on Cyber Expertise

An international response to a global challenge

- The GFCE is the international platform to find and support the partnerships and solutions that will close the cyber security capacity gap;

- It helps countries / organisations put in place the foundational building blocks to increase their cyber resilience;

- The GFCE identifies successful policies, best practices and ideas and multiply these on a global level.

GFCE: from Vision to Objectives

Vision

To fully reap the benefits of ICT through a free, open, peaceful and secure digital world

Mission

To strengthen cyber capacity and expertise globally by being a pragmatic, action-orientated and flexible platform for international collaboration.

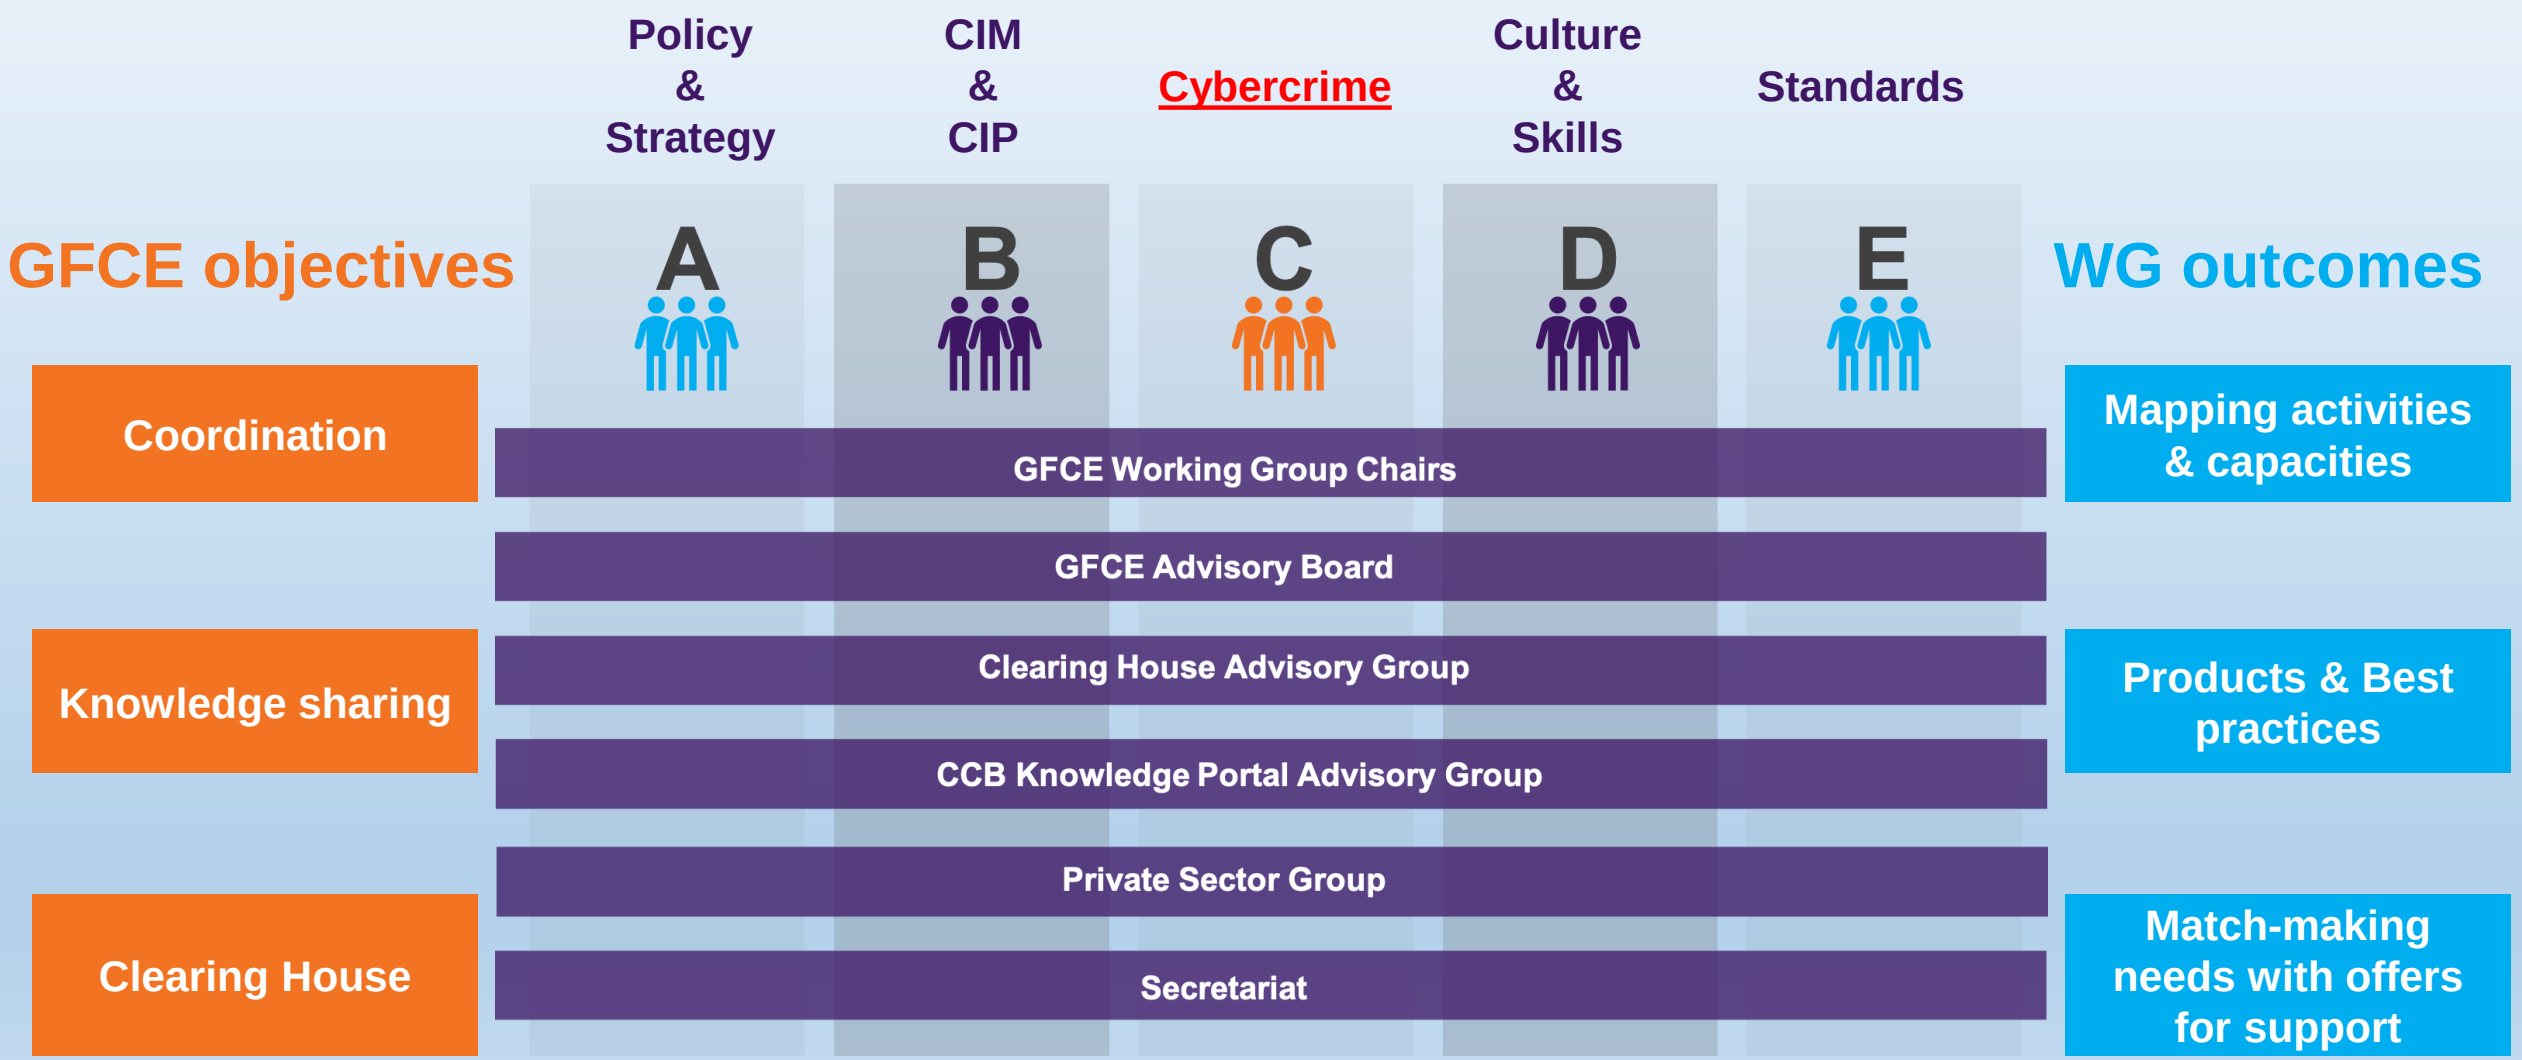

Strategy

- Avoid duplication
- Improve efficiency and effectiveness
- Fill capacity gaps

Objectives

Help coordinate projects	Help share knowledge and expertise	Help match requests to offers of support
Coordination	Knowledge sharing	Clearing House
