10. All CINGO committees should relate and contribute to the work of at least one significant workstream within the Council of Europe. Which Council of Europe committee/sof other

activity/ies will your committee primarily contribute to?

The Committee will contribute to the actions carried out by the Enlarged Partial Agreement on Sport (EPAS), which provides a platform for intergovernmental cooperation between the public authorities of its Member States.

The fight against discrimination **through** and **in** sport will take place at two levels and will be reflected in two types of coherent actions:

- **Priority 1:** Combat all forms of hate speech and rejection (racism, homophobia) and all attacks on the ethical practice of sport (doping, violence, corruption).
- **Priority 2:** Encourage access to sport and the discovery of its values for those who are most excluded from it due to their social conditions (poverty, precariousness), origin (people from immigrant backgrounds), gender or any other form of discrimination.

Sport is a genuine need that forms part of a person's overall support system, encouraging encounters, forging social links, contributing to emancipation and the development of citizenship, with values of sharing and respect that influence both physical and mental health.

Education and training will be the levers that will be used as a priority in the two areas described above.

Finally, the Committee will pay particular attention to cross-disciplinary work with other Committees and will promote this collaboration.

11. How can new members find out about and join the committee?

New members can contact the following people: Maritchu RALL (ESAN-AISBL), Arthur GARRIDO (ANESTAPS) and Christian SAINT LEZER (AEDE-France):
