*Council of Europe - Directorate of Democratic Participation
Secretariat of the Council of Europe Landscape Convention*

The 22nd Council of Europe Meeting of the Workshops for the implementation of the Council of Europe Landscape Convention on “*Water, landscape and citizenship in the face of global change*” is being organised in Seville, Spain (address: Hotel NH Collection Seville, Avda Diego Martinez Barrio, 8, 41013 Seville), by the Council of Europe – Secretariat of the Council of Europe Landscape Convention, Directorate of Democratic Participation – in co-operation with the Ministry of Culture and Sport of Spain in partnership with the Region of Andalusia and the Municipality of Seville, within the framework of the Work Programme of the European Landscape Convention.

A study visit for the official delegates of the member States of the Council of Europe, speakers in the Programme and other participants, according to availability, will be organised on 16 March 2019 (see below).

*

Introduction

As an international intergovernmental organisation created in 1949, and whose headquarters are located in Strasbourg (France), the **Council of Europe** has 47 member States: Albania, Andorra, Armenia, Austria, Azerbaijan, Belgium, Bosnia and Herzegovina, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Georgia, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Liechtenstein, Lithuania, Luxembourg, Malta, Republic of Moldova, Monaco, Montenegro, Netherlands, North Macedonia, Norway, Poland, Portugal, Romania, Russian Federation, San Marino, Serbia, Slovakia, Slovenia, Spain, Sweden, Switzerland, Turkey, Ukraine and the United Kingdom. Its main objectives are to promote democracy, human rights and the rule of law, and to seek common solutions to the main problems facing European society today.

The **Council of Europe Landscape Convention** aims to promote landscape protection, management and planning and to organise international co-operation. It applies to the entire territory of the Parties and covers natural, rural, urban and peri-urban areas. It concerns landscapes that might be considered outstanding, as well as everyday or degraded landscapes. The Convention represents the first international treaty exclusively devoted to all the dimensions of the landscape, considered from a perspective of sustainable development. To date, 39 States have ratified it: Andorra, Armenia, Azerbaijan, Belgium, Bosnia and Herzegovina, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Georgia, Greece, Hungary, Ireland, Italy, Latvia, Lithuania, Luxembourg, Republic of Moldova, Montenegro, Netherlands, North Macedonia, Norway, Poland, Portugal, Romania, San Marino, Serbia, Slovak Republic, Slovenia, Spain, Sweden, Switzerland, Turkey, Ukraine and the United Kingdom. Two States have signed the convention: Iceland and Malta. The European Landscape Convention was adopted by the Committee of Ministers of the Council of Europe on 19 July 2000 in Strasbourg and opened for signature by the member States of the Organisation in Florence (Italy) on 20 October 2000. The opening of the Convention to non-European states following the entry into force of its amending protocol will be an opportunity to reaffirm the universality of the landscape dimension of human rights and democracy. The Convention will be titled Council of Europe Landscape Convention.

Organised by the Council of Europe on a regular basis since 2002, the **Meetings of the Workshops for the implementation of the European Landscape Convention** aim to present new concepts and achievements in favour of the implementation of the Convention. They thus represent a genuine forum for sharing practices and ideas. Special emphasis is given to the experiences of the State hosting the meeting.

The following Council of Europe Meetings of the Workshops for the implementation of the European Landscape Convention have previously been organised:

- 23-24 May 2002, Strasbourg (France): “[Landscape policies: contribution to the well-being of European citizens and to sustainable development \(social, economic, cultural and ecological approaches\); Landscape identification, evaluation and quality objectives, using cultural and natural resources; Awareness-raising, training and education; Innovative tools for the protection, management and planning of landscape](#)”

Objectives

The Parties to the Convention undertake:

- to recognise landscapes in law as an essential component of people’s surroundings, an expression of the diversity of their shared cultural and natural heritage, and a foundation of their identity;
- to establish and implement landscape policies aimed at landscape protection, management and planning, through the adoption of the specific measures set out in Article 6 of the Convention ;
- to establish procedures for the participation of the general public, local and regional authorities, and other parties with an interest in the definition and implementation of the landscape policies;
- to integrate landscape into their regional and town planning policies and in their cultural, environmental, agricultural, social and economic policies, as well as in any other policies with possible direct or indirect impact on landscape.

Considering that the Convention includes *“inland and maritime waters”*, the Meeting will focus on public policies concerning them. Attention will be paid to policies concerning the management of water resources and the presence of water in the landscape.

The conclusions of the Meeting will be presented to the 10th Official Council of Europe Conference on the Council of Europe Landscape Convention (6-7 May 2019, Council of Europe, Palais de l’Europe, Strasbourg) and Meeting of the Council of Europe Steering Committee for Culture, Heritage and Landscape (CDCPP).
