

Dear Secretary of the Current Affairs Committee,

Dear colleagues,

Considering the upcoming elections for the leadership positions within the Congress, I would like to bring to your attention my intention to run for the position of 4th vice-president of the Current Affairs Committee.

My candidacy is motivated by the wish to start serving the Congress from a different position from the one I held for two years and a half.

It was for me a period of extremely intense adaptation, of accommodation to the internal procedures and assimilation of the Congress' priorities for this mandate. Not an easy task given the multitude of dossiers, but which gave me the desire and determination to get more involved, in order to make my own contribution.

I express my firm desire to be more involved in the work of the Congress and to contribute to the achievement of the geographical and gender balance so necessary at this level, given that no member of the Romanian delegation has held a leadership position in the first half of this mandate of the Congress.

As a mayor of a little commune of Romania I believe I have acquired a solid knowledge of local affairs and especially on local democracy and I would like to bring to this task my years of political experience.

Hoping that the members of our Committee will put their trust in me, I assure them of my hardworking involvement, as well as of my desire to participate in election observation missions and to have the privilege to be appointed as rapporteur.

It would be an honour for me to put my skills and experience at the service of the Current Affairs Committee and I thank you in advance for your trust and support, as well as for your constructive and valuable advice.

Sincerely yours,

Corina Gabriela ENE
