

Corrigendum / Clarification Notice

Following the publication of the procurement documents for the above-mentioned competitive bidding procedure, the contracting authority wishes to clarify that an administrative error appeared in certain documents regarding the maximum renewal date of the contract.

Where the documents referred to “**31/01/2028**”, the correct maximum renewal date is:

31/12/2028

The procurement documents have now been corrected accordingly.

In order to ensure equal treatment of all tenderers and to allow sufficient time for review of the corrected documentation, the deadline for submission of bids is hereby extended to:

Monday, 1 June 2026, at 23:59 (Tbilisi time).

Furthermore, any bid already prepared or submitted using templates downloaded prior to the correction, and therefore still containing the erroneous reference to “31/01/2028”, shall remain fully admissible and valid. Where such a tender is selected for award, the corresponding contract duration and renewal terms will be aligned with the corrected maximum renewal date of **31/12/2028**.

All other terms and conditions of the procurement procedure remain unchanged.
