## **Introduction**

As an international intergovernmental organisation created in 1949, and whose headquarters are located in Strasbourg (France), the **Council of Europe** has 47 member States: Albania, Andorra, Armenia, Austria, Azerbaijan, Belgium, Bosnia and Herzegovina, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Georgia, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Liechtenstein, Lithuania, Luxembourg, Malta, Republic of Moldova, Monaco, Montenegro, Netherlands, North Macedonia, Norway, Poland, Portugal, Romania, Russian Federation, San Marino, Serbia, Slovakia, Slovenia, Spain, Sweden, Switzerland, Turkey, Ukraine and the United Kingdom. Its main objectives are to promote democracy, human rights and the rule of law, and to seek common solutions to the main problems facing European society today.

The **European Landscape Convention** aims to promote landscape protection, management and planning and to organise international co-operation. It applies to the entire territory of the Parties and covers natural, rural, urban and peri-urban areas. It concerns landscapes that might be considered outstanding, as well as everyday or degraded landscapes. The Convention represents the first international treaty exclusively devoted to all the dimensions of the landscape, considered from a perspective of sustainable and harmonious development. To date, 40 States have ratified it: Andorra, Armenia, Azerbaijan, Belgium, Bosnia and Herzegovina, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Georgia, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Republic of Moldova, Montenegro, Netherlands, North Macedonia, Norway, Poland, Portugal, Romania, San Marino, Serbia, Slovak Republic, Slovenia, Spain, Sweden, Switzerland, Turkey, Ukraine and the United Kingdom. One further State has signed the Convention: Malta. The European Landscape Convention was adopted by the Committee of Ministers of the Council of Europe on 19 July 2000 in Strasbourg and opened for signature by the member States of the Organisation in Florence (Italy) on 20 October 2000. The opening of the Convention to non-European States following the entry into force of its amending protocol will be an opportunity to reaffirm the universality of the landscape dimension of human rights and democracy.

Organised by the Council of Europe on a regular basis since 2002, the **Meetings of the Workshops for the implementation of the European Landscape Convention** aim to present new concepts and achievements in favour of the implementation of the Convention. They thus represent a genuine forum for sharing practices and ideas. Special emphasis is given to the experiences of the State hosting the meeting.

The following Council of Europe Meetings of the Workshops for the implementation of the European Landscape Convention have previously been organised:

- 23-24 May 2002, Strasbourg (France): “[Landscape policies: contribution to the well-being of European citizens and to sustainable development \(social, economic, cultural and ecological approaches\); Landscape identification, evaluation and quality objectives, using cultural and natural resources; Awareness-raising, training and education; Innovative tools for the protection, management and planning of landscape](#)”

*The proceedings of the Meetings are published in the Council of Europe’s “European Spatial Planning and Landscape” series and are available on the European Landscape Convention website: [www.coe.int/en/web/landscape/workshops](http://www.coe.int/en/web/landscape/workshops); [www.coe.int/en/web/landscape/publications](http://www.coe.int/en/web/landscape/publications)*

## **Acknowledgments**

The Council of Europe would like to thank the Swiss Federal Office for the Environment, the Canton of Vaud, the City of Lausanne, and the Swiss Academy of Natural Sciences, for their hospitality and co-operation.

## **Objectives of the Meeting and of the Celebration**

The Meeting of the Workshops on “*Landscape integration in sectoral policies*” aims to present experiences of public policies adopted, or being developed, concerning the implementation of Article 5 d. of the European Landscape Convention on “General measures”, according to which each Party undertakes “*to integrate landscape into its regional and town planning policies and in its cultural, environmental, agricultural, social and economic policies, as well as in any other policies with possible direct or indirect impact on landscape*”.

The Celebration of the Twentieth Anniversary of the European Landscape Convention, organised at high level, will focus on the importance of integrating landscape in sectoral policies. A draft political Declaration on this subject will be presented.

The results of these events will be presented to the 11th Official Council of Europe Conference on the European Landscape Convention (2021, Palais de l’Europe, Strasbourg), and at the Meeting of the Council of Europe Steering Committee for Culture, Heritage and Landscape (CDCPP).
