The **24th Council of Europe Meeting of the Workshops for the implementation of the European Landscape Convention “Council of Europe Landscape Award Forum of National Selections – 6th Session 2018-2019”**, is being organised in Geneva, Switzerland on **10-11 June 2021**, by the Council of Europe – Secretariat of the Convention, Directorate of Democratic Participation – in co-operation with the Swiss Federal Office for the Environment (FOEN) and the collaboration of the Republic and Canton of Geneva, within the framework of the Work Programme of the Convention.

Introduction

As an international intergovernmental organisation created in 1949, and whose headquarters are located in Strasbourg (France), the **Council of Europe** has 47 member States: Albania, Andorra, Armenia, Austria, Azerbaijan, Belgium, Bosnia and Herzegovina, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Georgia, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Liechtenstein, Lithuania, Luxembourg, Malta, Republic of Moldova, Monaco, Montenegro, Netherlands, North Macedonia, Norway, Poland, Portugal, Romania, Russian Federation, San Marino, Serbia, Slovakia, Slovenia, Spain, Sweden, Switzerland, Turkey, Ukraine and the United Kingdom. Its main objectives are to promote democracy, human rights and the rule of law, and to seek common solutions to the main problems facing European society today.

The **European Landscape Convention** of the Council of Europe aims to promote landscape protection, management and planning and to organise international co-operation. It applies to the entire territory of the Parties and covers natural, rural, urban and peri-urban areas. It concerns landscapes that might be considered outstanding, as well as everyday or degraded landscapes. The Convention represents the first international treaty exclusively devoted to all the dimensions of the landscape, considered from a perspective of sustainable development. To date, 40 States have ratified it: Andorra, Armenia, Azerbaijan, Belgium, Bosnia and Herzegovina, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Georgia, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, Republic of Moldova, Montenegro, Netherlands, North Macedonia, Norway, Poland, Portugal, Romania, San Marino, Serbia, Slovak Republic, Slovenia, Spain, Sweden, Switzerland, Turkey, Ukraine and the United Kingdom. One further State has signed it: Malta. The European Landscape Convention was adopted by the Committee of Ministers of the Council of Europe on 19 July 2000 in Strasbourg and opened for signature by the member States of the Organisation in Florence (Italy) on 20 October 2000. The opening of the Convention to non-European States following the entry into force of its amending protocol will be an opportunity to reaffirm the universality of the landscape dimension of human rights and democracy.

Organised by the Council of Europe on a regular basis since 2002, the **Meetings of the Workshops for the implementation of the European Landscape Convention** aim to present new concepts and achievements in favour of the implementation of the Convention. They thus represent a genuine forum for sharing practices and ideas. Special emphasis is given to the experiences of the state hosting the meeting.

The following Council of Europe Meetings of the Workshops for the implementation of the European Landscape Convention have previously been organised:

Acknowledgments

The Council of Europe would like to thank the Federal Office for the Environment, the Republic and Canton of Geneva and the City of Lausanne, Switzerland, for their hospitality and co-operation.

Objectives

The European Landscape Convention provides for a Landscape Award of the Council of Europe that recognises policies or measures adopted by local or regional authorities or non-governmental organisations to protect, manage and plan their landscapes, which have proven to be lastingly effective and can thus serve as an example to other territorial authorities.

On 20 February 2008 the Committee of Ministers of the Council of Europe adopted Resolution CM/(2008)3 on the rules governing the Landscape Award of the Council of Europe. The Award is given every two years by the Committee of Ministers, further to proposals from the Committee of Experts of the Council of Europe in charge of monitoring the implementation of the Convention.

The projects of high value achieved in the Member States of the Organisation on the occasion of the 6th Session of the Landscape Award of the Council of Europe – 2018-2019 – will be presented in this Meeting. They show that it is possible to promote the territorial dimension of human rights and democracy by improving the landscape features of people’s surroundings.

The Landscape Award, the Special Mentions and the Recognitions will be awarded on this occasion.
