Council of Europe HELP Programme

CATALOGUE OF HELP ONLINE COURSES

HELP is the **main educational Programme of the Council of Europe for legal professionals**. Its aim is to train judges, prosecutors and lawyers, but also other professionals, where relevant, on European human rights standards.

The Council of Europe **HELP online courses** are interactive and visual. They cover various human rights related topics, reflecting the different areas of work of the Council of Europe.

The **HELP courses** enhance the knowledge of legal professionals on key human rights topics and thus contribute to a better protection of human rights on a national level.

As well as the **European Convention on Human Rights** (ECHR) and the case-law of the **European Court of Human Rights**, HELP covers other **Council of Europe instruments** such as the European Social Charter or CoE Conventions in key areas like data protection, violence against women or bioethics. Furthermore, with EU support since 2015, HELP online courses also cover the **EU legal framework**, including the **EU Charter of Fundamental Rights** and the case-law of the **Court of Justice of the EU**[1]. Once HELP courses are ready, national versions can be developed complementing the European legal systems and jurisprudence with the national ones. These national courses help primarily judges, prosecutors and lawyers to apply European standards at national level in a practical way.

When contextualised to the national legislation and challenges, HELP courses also address the **training needs identified** by various **Council of Europe monitoring mechanisms** and support the **implementation of ECtHR judgments** pending execution. The HELP courses (especially those marked with the yellow label in the present catalogue) also contribute to achieving ★EU the objectives set in the **EU Judicial Training strategy**.

HELP courses are developed in line with the HELP Methodology: jointly with the respective content entities of the Council of Europe. For example, the course on Data Protection and Privacy Rights or the one on Key human rights principles in Biomedicine were developed jointly with the CoE Data Protection and Bioethics Units respectively, the course on Human Rights in Sports was developed jointly with the CoE Sports Department, the course on CPT standards with the Committee on the Prevention of Torture, the one on anti-discrimination with ECRI, etc. Lawyers from the Registry of the European Court of Human Rights (ECtHR) are also involved in the development of HELP online courses. Increasingly, key partners of HELP such as the European Judicial Training Network (EJTN), the Council of Bars and Law Societies of Europe (CCBE) and the European Union Agency for Fundamental Rights (FRA) are also

[1] HELP courses that include the EU dimension (EU law, CJEU case-law) are marked with a yellow label ★EU

offering their expertise in the development of HELP courses. The FRA – ECtHR joint handbooks are also used as key sources in the respective thematic HELP courses.

TUTORED COURSES

The HELP tutored courses are organised in cooperation with a national partner institution, usually national training institutions for judges and prosecutors (JTIs) or Bar Associations (BAs). These tutored courses are facilitated/moderated by a HELP certified tutor, who was trained by the HELP Secretariat. Successful participants in HELP tutored courses are certified jointly by the HELP Programme and the national partner institution. If you are a legal professional and you would like to take a tutored course, contact the NTI or BA in your country, through the HELP Focal and Info Points.

Although the primary target group of the CoE HELP courses are legal professionals (judges, prosecutors and lawyers), some **interdisciplinary courses** may involve other professionals (health and medical specialists, prison and probation staff, law enforcement, journalists, Ombudsperson staff, NGOs, etc.).
