- **Special Area of Conservation (Hábitats Directive)**
- **RAMSAR SITE (Laguna del Padul)**
- **European Charter of Sustainable Tourism**
- **Riparian Natural Reserve**
- **IUCN Green List of well managed protected areas**

GLOBAL CHANGE OBSERVATORY

An aerial photograph showing a coastal landscape. In the foreground, there is a blue body of water. Above it is a green, hilly area with some buildings and roads. In the background, there are dark, rugged mountains. At the very top, a range of snow-capped mountains is visible against a clear blue sky.

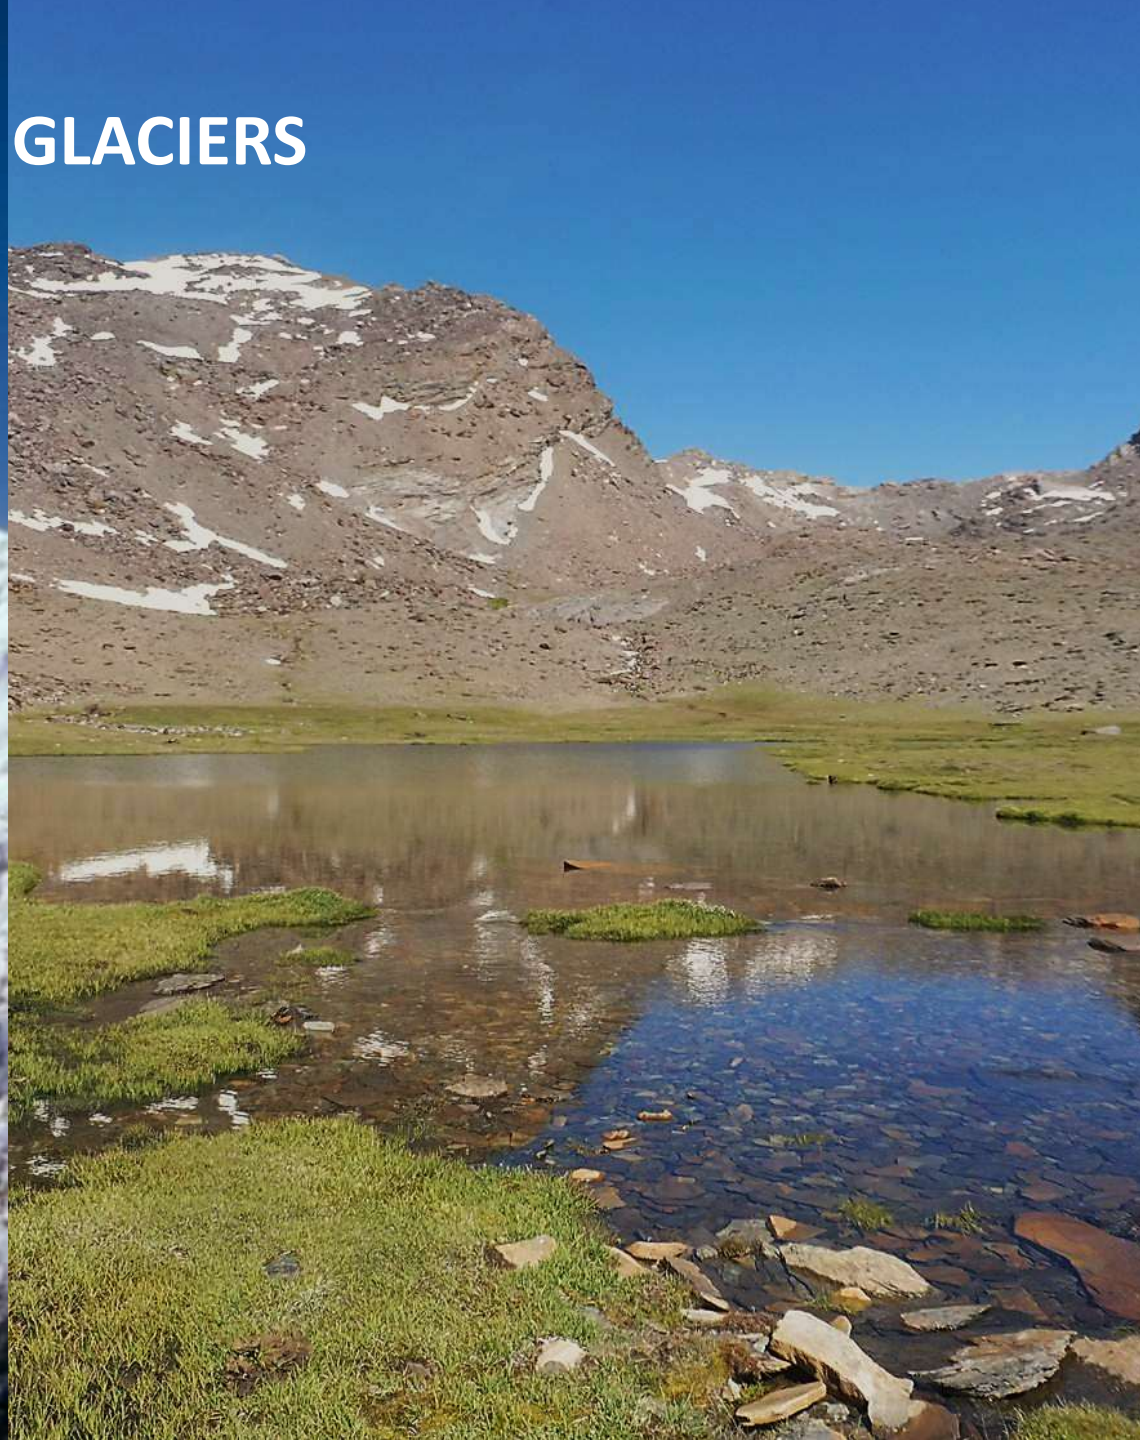

**5 of 6 Mediterranean
bioclimatic belts**

3,217 m
