## WHO WE ARE

The European Youth Centre Budapest (EYCB) is a residential training and conference facility of the Council of Europe.

The EYCB was opened in December 1995 and it enjoys diplomatic status under the seat agreement between the Council of Europe and Hungary.

The EYCB is part of the Council of Europe's Youth Department and, like the European Youth Centre Strasbourg (EYCS), is an important instrument of the Council's youth policy.

In addition to hosting the activities of the Youth Department, the EYCB's facilities are also available for other Council of Europe directorates and for international, governmental and non-governmental organisations. The income generated by the EYCB helps to sustain and further develop the Council of Europe's youth programme.
