

# NA- FAMED PROJECT

## MEDICRIME Convention

The Needs Assessment- Falsified Medical Products Project (NA- FAMED) is the first cooperation project on the MEDICRIME Convention

Why this project?

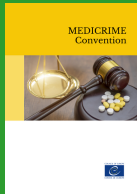

- ➔ Technical assistance
- ➔ Support to countries

38 national consultants    10 months    8 international experts

Mid-September 2020 - Mid-July 2021

### RAISE AWARENESS OF THE MEDICRIME CONVENTION

Brochure available in ENG

Active online community with parties and stakeholders built around MEDICRIME

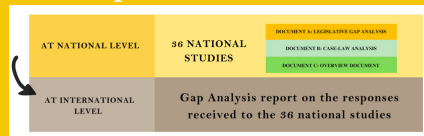

Gender perspective

### GAP ANALYSIS REPORT

Gathering legislative and case-law information in those countries that are not part of the MEDICRIME family is essential to promote their accession to the Convention

Two-step research

36 beneficiary countries

- CoE member States
- Observer States
- Other 3rd countries

Brochure available in ENG, FRA, RUS, SPA, BOS, TUR

### MEDICRIME 24/7 network

The objective of the 24/7 Network is to strengthen international cooperation in criminal matters. It is conceived as a simple, agile, and cost-effective mechanism to facilitate the immediate exchange of key police and judicial information on a 24-hour, seven-days-a-week basis

Available in ENG, FRA, RUS, SPA, BOS, TUR
