➤ MEETING OF THE TWO WALKS

18h10 Meeting of the two walks at *La Halle des Douves*

Presentation and visit of this former retail market, the Moats market, that has become centre for associative life and inhabitants. This project is above all a human project: dozens of associations and inhabitants of the district wanted convivial, diverse and solidary facilities. That explains why, from the beginning of their considerations, the associations express their wish to preserve the Moats market as a place for exchange: to share, to search, to find, to orate, to discover, to meet people, to discuss, to stroll, to exchange, to build projects together ... even trade, negotiate, exchange knowledge, skills, helps, moments of culture and conviviality. By getting organised together in the Moat Market, neighbourhood actors get to know each other, to discover each other's skills, to share initiatives and to develop possibilities of doing things together in terms of means, energies and resources.
