There is no further progress in case of Bogdancy WF and its enlargement with Stojakovo in regards to what was initially reported in 2015 by Batlife Macedonia (BLM) and BirdProtection Macedonia (BPM).

BLM and BPM, so far have not been contacted in regards to this case, in fact have not been contacted for properly resolving this case.

Whether EUROBATS was contacted I guess you will get info by EUROBATS.

Best wishes,

Branko Micevski

President of BPM and

Presidency Member of BLM
