**Alleged threats to marine turtles due to a new coal-
fired power plant at Sugözü Beach
(Turkey)**

- REPORT BY THE COMPLAINANT -

*Document prepared by
Çevre ve Tüketiciyi Koruma Derneği*

The construction continued since our complaint's submission and the coal power plant is said to be opened in the coming weeks. [Here](#) you can find the most recent video of the coal power plant, prepared by the company. The video explicitly shows how the construction has divided the coastal and maritime habitats of the sea turtles, into two.
