

Global Education Week

5 Pillars

Every year, the Global Education Week theme and motto embody the **5 Pillars ("5 Ps")** of the New European Consensus on Development, which is the EU's response to the UN 2030 Agenda and SDGs.

The **Global Education Week** is an international campaign that, since 2000, has mobilised **policymakers, educators, and learners** across Europe and beyond to raise awareness of the importance of **global education as a key tool** for building a more equitable and sustainable world.

What Are the 5 Ps?

PEOPLE
PLANET
PROSPERITY
PEACE
PARTNERSHIP

The **5 Pillars** are all underpinned by cross-cutting **elements** to achieve sustainable development, such as **youth, gender equality, migration, democracy, rule of law, and human rights**.
