Saint Martin of Tours Route

The largest sculpture of Saint Martin in the World

Summary

Spearheaded by the Association "Les Amis de Jallanges et de Saint Martin", this project is in line with the eco-responsible approach of its initiator, Stéphane Ferry-Balin, the owner of the Château de Jallanges (Tours - France). The sculpture is made from recycled metal: aluminum bowls, building materials and... an old red Citroën DS bonnet for Saint Martin's coat! This project has been awarded the "Council of Europe Cultural Route" label by the Saint Martin de Tours European Cultural Route.
