I. INTRODUCTION

This call for proposals is launched in the framework of the joint European Union and Council of Europe programme “Horizontal Facility for the Western Balkans and Turkey II” (Horizontal Facility II), under the Action “Promotion of Diversity and Equality in Serbia”. The programme is co-funded by the European Union and the Council of Europe and implemented by the Council of Europe.

The Call aims to support selected grantees in developing concrete responses on combating discrimination, including discrimination on grounds of sexual orientation or gender identity, and combating hate speech under the specific circumstances. An increase of stigmatization of vulnerable groups is already reported, as well as the urgency for reinforcing inclusion measures for such groups, especially when outside the formal social security schemes offered during the emergency by the state.

Project proposals shall aim to produce an added value to the Council of Europe/the European Union efforts in this domain.

II. BACKGROUND INFORMATION ON THE EUROPEAN UNION/COUNCIL OF EUROPE PROJECT

The purpose of the Action is improving the functioning of anti-discrimination mechanisms and their accessibility to vulnerable groups in line with European standards, and COE monitoring body’s findings and recommendations, notably those from the [European Commission against Racism and Intolerance](#) (ECRI), as well where applicable, those of the Advisory Committee of the Framework Convention for the Protection of National Minorities (FCNM) and those of the Committee of Experts of the European Charter for the Regional and Minorities languages (ECRML).

In particular, it aims to:

- Support initiatives to harmonise the anti-discrimination framework across the country and to develop and implement the respective action plans/strategies in relation to anti-discrimination, rights of LGBTI persons and hate speech;
- Strengthen the capacity of the authorities, local governments and/or equality bodies in order to allow them to better tailor their interventions to address discrimination and increase cooperation among authorities in this field;
- Increase the knowledge and awareness of the general public about the importance of anti-discrimination policies, about the rights of LGBTI persons, and about the dangers posed by hate speech, offering means to develop counter-narratives.

Project partners include institutions of Serbia, as well as the European Union delegation in Belgrade, civil society organisations, local authorities and other relevant stakeholders.

III. BUDGET AVAILABLE

The indicative available budget under this call for proposals is 30.000 Euros (thirty thousand Euros). The Council of Europe/the European Union intends to award grants of a maximum amount of 5.000 Euros each.

Subject to availability of funds and extension of the Project initial duration, the Council of Europe/the European Union reserves the right not to award all available funds, and/or to redistribute the available funds in a different manner depending on the project proposals received and on the outcome of the call for proposals.

IV. REQUIREMENTS

1. General objective

The grants will fund activities aimed at supporting the concrete implementation and/or follow-up at local level of issues included in the last country report of the European Commission against Racism and Intolerance (ECRI), and frame them in the current situation of COVID virus spread in Serbia and challenges to social inclusion. For further information, please refer to section IV.6 of this Call.

Projects design could address the following issues:

- Promotion and protection of the right of LGBTI persons in the local communities, including issues related to access to health, adequate accommodation and facilities, and social services;
- Combating hate speech, notably stigmatization of vulnerable groups, and creating relevant counter narratives.

2. Means of action

Projects should include specifically tailored activities aiming at supporting the implementation of issues raised in the last report on Serbia of the European Commission against Racism and Intolerance: <https://rm.coe.int/third-report-on-serbia/16808b5bf4>. Activities should reflect how the applicant understand its role in combating discrimination and the additional challenges to social inclusion due to the virus circumstances.

3. Implementation period

The implementation period of the projects should start on 20 May 2020 (see indicative timetable under VIII. below) and shall not extend beyond 31 August 2020.

Reporting requirements shall be completed on 30 September 2020 **at the latest**.

Projects completed prior to the date of submission of the applications will be automatically excluded. As regard projects started prior to the date of submission of the applications, or prior to the date of signature of the grant agreement, only those costs incurred after the date of submission of the grant application could be eligible (provided the agreement concerned so provides).

4. Target stakeholders

Projects should target in particular the following key stakeholders:

- Civil society organisations
- Vulnerable groups
- General population

The above list is not exhaustive, and projects may propose to target other relevant stakeholders, while keeping in mind the general objective of the Action.

5. Budgetary requirements

Project proposals shall be accompanied by a draft budget (See **Template Budget, in Appendix II**) amounting to a maximum of 6,000 Euros (six thousand Euros), more specifically a maximum of 5.000 Euros (five thousand Euros) can be awarded by the Council of Europe/the European Union, while selected CSOs are expected to contribute 10% to the overall project budget in amount of maximum 1.000 Euros (one thousand Euros). The estimated budget must be consistent, accurate, clear, complete and cost-effective, in the light of the activities proposed.

Each Grantee shall also be required to contribute to the project either by way of its own resources or by contribution from third parties. Co-financing may take the form of financial or human resources, in-kind contributions or income generated by the action or project.

In case visibility/work with media is not focus of the project, selected CSOs are expected to allocate certain financial amount from the grant for the purpose of implementation of defined visibility activities.

6. Further to the general objective, preference will be given to:

Projects/actions:

- Combining multiple forms of discrimination and/or hate speech (e.g. against national minorities, LGBTI persons, women, etc.);
- Supporting initiatives and actions that promote and encourage fighting discrimination, such as on the ground of ethnic or national origin, and enhancing intercultural dialogue, mutual respect, understanding and cooperation among all persons living in the local community;
- Linking the existing strategies at local level in the three above mentioned relevant areas (anti-discrimination, rights of LGBTI persons, combating hate speech), or supporting the preparation of such strategies;
- Incorporating gender mainstreaming elements and paying particular attention to the interplay between gender and other discrimination grounds, such as ethnicity, nationality and language, which in time of COVID-19 emergency is likely to worsen the already existing structural disparities related to gender;
- With a strong link with Council of Europe work in the field of inclusion and anti-discrimination policies;
- Including list of visibility activities that should be implemented through the grant, aiming to: promote tolerance, among general public - public has access to fact-based/well-researched information on anti-discrimination and/or sexual minorities (and their rights) and/or on hate speech. Based on this it can make a positive connotation with issues linked to the vulnerable groups in society; stimulate media interest and to increase the number of media reports aimed at increasing awareness related to the promotion of tolerance, combating hate speech and discrimination; provide visibility of the contribution of the HF II Programme as well as EU and COE support to “Promotion of diversity and equality in Serbia.”

7. The following types of action will not be considered:

- Projects/actions providing financial support to third parties (re-granting schemes);
- Projects/actions concerning only or mainly individual scholarships for studies or training courses;
- Projects/actions supporting political parties.

8. Funding conditions:

The funds for each grant should in principle be distributed as follows:

- 80 % will be paid when the Grant Agreement between the two parties is signed;
- the balance will be paid based on actual expenditures incurred, and after the presentation and acceptance by the Council of Europe/the European Union of the final narrative and financial reports for the Grant implementation.

9. Reporting requirements:

- **narrative reporting** requires a full narrative report on the use made of the grant and a copy of the register of the persons present during each of the activities, including names and signatures of participants;
- **financial reporting** requires in particular a statement in the currency in which the Grant Agreement will be concluded (Euros or local currency), in English, stating the payments made for the implementation of the activities, certified by the responsible financial officer of the Grantee, accompanied by “appropriate

original supporting documents” (see below). The Council of Europe reserves the right to ask for summary translations of invoices into English. If for legal reasons the original documents must be retained by the Grantee, certified copies must be submitted with the financial statement.

“Appropriate original supporting documents” refers to signed contracts, invoices and acceptances of work (for all transactions), payment authorisation for all transactions should also be provided in case the Grantee uses such practice, and reliable evidence of payment (authorised payment order and bank statement).

As regards round tables/conferences, presenting “appropriate original supporting documents” requires presentation of a programme indicating the title, dates, venue, and agenda of the event; the names of persons facilitating the event, a signed list of participants, the contracts with the owner of venue of the event (e.g. hotel) for the rent of premises, food and beverages of participants, invoices from the owner of the venue of the event for the above services, and a report on the results of the event (see narrative reporting above).

As regards consultancy services, presenting “appropriate original supporting documents” requires presentation of evidence of the outputs produced, contracts with experts and consultants containing a specific description of services to be carried out, invoices produced after the works have been performed and delivered (the specialities of the consultants shall correspond to the nature of activities for which they are contracted).

As regards travel fees / lodging of experts and participants, presenting “appropriate original supporting documents” requires presentation, where relevant, of contracts with a travel agency for travel fees and lodging, invoices of the travel agency indicating destinations, dates, ticket costs, and names of the travelling persons, a programme of the event indicating the names of the experts and signed lists of participants.

The above description is not comprehensive. Any doubt regarding the interpretation of the notion of “appropriate original supporting documents” should lead the Grantee to consult the Council of Europe.
