I. INTRODUCTION

This call for proposals is launched in the framework of the Council of Europe HF 26 Action on Preventing and Combating Trafficking in Human Beings in Serbia. It aims to co-fund 2 interregional projects in the Republic of Serbia aimed at raising awareness among general public and, in particular, people at risk and/or specific groups at risk of human trafficking for the purpose of labour exploitation. These projects are to be implemented by non-governmental organisations registered in the Republic of Serbia or non-profit legal entities (e.g. trade unions, education or research institutions etc.) that operate independently of any government and are registered in Republic of Serbia.

The Group of Experts on Action against Trafficking in Human Beings (GRETA), the monitoring body of the Council of Europe Convention on Action against Trafficking in Human Beings (Convention), in its second report GRETA (2017)³⁷ recommended that the Serbian authorities should continue to strengthen their efforts to prevent trafficking for the purpose of labour exploitation, in particular by further sensitising the general public and relevant officials, including labour inspectors, market inspectors, police officers, prosecutors, judges, teachers etc. GRETA also recommended that the Serbian authorities should continue working closely with trade unions, civil society and the private sector to raise awareness of trafficking for the purpose of labour exploitation. Furthermore, GRETA considers that the authorities of Republic of Serbia should continue carrying out information and awareness-raising campaigns on different forms of THB, strengthening the monitoring of recruitment and temporary work agencies and reviewing the legislative framework for any loopholes that may limit protection or preventive measures.

In view of the above, the HF26 Action is launching a call for grants, which is to be opened to non-governmental organisations and non-profit legal entities. The purpose of the 2 (two) grants is to contribute to a heightened awareness about the risks of trafficking for labour exploitation. The grants should target groups at risk, such as workers working in at-risk industries (e.g. agriculture, forestry, footwear, construction and catering industry) in the country and abroad.

Each proposed awareness-raising project should target at least 350 persons and should carry out an impact assessment following the project implementation. The awareness raising project shall be implemented in the areas/regions of the Republic of Serbia where there is a higher risk of trafficking in human beings for the purpose of labour exploitation or should target people and/or group(s) of people at most risk of trafficking in human beings for the purpose of labour exploitation.

Project proposals shall aim to produce an added value to the Council of Europe efforts in this domain.

II. BACKGROUND INFORMATION ON THE COUNCIL OF EUROPE PROJECT

The Council of Europe is currently implementing HF26 Action on Preventing and Combating Human Trafficking in Serbia, which is a part of the European Union/Council of Europe joint Horizontal Facility for the Western Balkans and Turkey Programme (phase II), which aims at assisting beneficiaries in South-East Europe to comply with the Council of Europe standards and European Union *acquis* in the framework of the enlargement process. In particular, the action HF26 seeks to enhance the protection of rights of trafficking victims by assisting the beneficiary institutions to follow up on the recommendations of the Council of Europe Group of Experts on Action against Trafficking in Human Beings (GRETA). HF26 action focuses on the following areas of intervention:

- improved anti-trafficking responses and victim protection measures through capacity-building of key stakeholders, including legal professionals, media representatives/journalists and health care professionals;
- improved detection and identification of, and assistance to victims of human trafficking for the purpose of labour exploitation;
- improved detection and identification of, and assistance to, child victims of human trafficking and improved anti-trafficking responses through capacity-building of education professionals;

The project partners include the Ministry of Interior - National Anti-trafficking coordination office, the Ministry of Employment, Labour, Veteran and Social Affairs - Labour Inspectorate and Centre for Human Trafficking Victims' Protection, the Ministry of Education, Science and Technological Development, the Ministry of Health, the Ombudsperson's Office as well as civil society organisations.

III. BUDGET AVAILABLE

Subject to availability of funds and extension of the Project initial duration, the Council of Europe reserves the right not to award all available funds, and/or to redistribute the available funds in a different manner depending on the project proposals received and on the outcome of the call for proposals.
