

## Strengthening the quality and efficiency of justice in Kosovo\* (KoSEJ)

The action will provide support to courts and central authorities by empowering them with the methodology and tools of the European Commission for the Efficiency of Justice (CEPEJ) in light of the recommendations made under the first phase of action (KoSEJ). As a result, the action will address priority challenges, such as judicial statistics, case management system, and users' satisfaction with improved services in the courts.

### Who benefits from the project?

The action will be closely engaged with courts, central authorities and other stakeholders in the field of justice, to enhance the efficiency and quality of the courts. More concretely the action will support these actors:

- Justice Academy Kosovo (KJA),
- Kosovo Judicial Council (KJC),
- Kosovo Prosecutorial Council (KPC),
- Kosovo Bar Association,
- Ministry of Justice,
- Courts and Courts' users
- Public at large

### How will the project work?

The action relies on CEPEJ experts from different countries providing support for the authorities to improve the functioning of the justice system with the use of the CEPEJ methodologies and tools adapted to the Kosovo context. More precisely, the action will focus on the assessment of the judicial systems and the exchange of knowledge on their functioning, using CEPEJ key indicators and tools and best European standards.
