I. Background

The European Union/Council of Europe Horizontal Facility for the Western Balkans and Turkey (also referred to as: Horizontal Facility phase II or HF II) is a co-operation initiative of the European Union and Council of Europe for South East Europe. The first phase of the Horizontal Facility ran from May 2016 to May 2019, and was succeeded by Horizontal Facility phase II, which will be implemented from May 2019 to May 2022. The second phase of the Horizontal Facility will continue to build on the Statement of Intent signed on 1 April 2014 by the Secretary General of the Council of Europe and the European Union Commissioner for Enlargement and European Neighborhood Policy, in which both Organisations agreed to further strengthen their co-operation in key areas of joint interest.

The Horizontal Facility includes Albania, Bosnia and Herzegovina, Kosovo*, Montenegro, North Macedonia, Serbia and Turkey. Beneficiaries and counterparts include governmental bodies at all levels, notably specialised structures within the Ministries of Justice, Interior and Finance; anti-corruption bodies; Judicial and Prosecutorial Services, supervisory bodies; Financial Intelligence Units (FIUs), and representatives of civil society.

According to reports issued by Council of Europe monitoring bodies (GRECO and MONEYVAL), as well as EU Progress Reports, all countries in the region continue to suffer from weaknesses in their respective corruption/money laundering/terrorist financing prevention and suppression systems. Identified shortcomings have resulted in 2 participating jurisdictions being listed by the Financial Action Task Force (FATF) as jurisdictions with significant systemic deficiencies.

II. Action approach in Albania

The Action against Economic Crime in Albania (AEC-AL) aims at enhancing the rule of law and governance by strengthening economic crime prevention and enforcement tools. The Action aims to achieve this by further strengthening institutional capacities to counter and prevent corruption; money laundering; and the financing of terrorism in accordance with European standards.

The action will focus on supporting the authorities in several directions including:
