CONVENTION ON THE CONSERVATION OF EUROPEAN WILDLIFE
AND NATURAL HABITATS

REGISTER OF BERN CONVENTION COMPLAINTS

2025

Register prepared by
the Secretariat of the Bern Convention

At its 28th meeting in 2008, the Standing Committee of the Bern Convention examined document T-PVS(2008)7 “The case-file system: Reminder on the processing of complaints and new on-line form” and agreed to create a “registration system” to number the old files and the new incoming ones. This would provide quicker access to the information related to them. The Committee agreed to take up the model of “Register of case-files” as presented in Appendix II of the above mentioned document.

At its 42nd meeting in 2022, the Committee approved document T-PVS/Inf(2022)27 “Case-file system: Guide of Procedures”, in which the category of complaints “other” was discontinued in favour of the category “new” complaints (which have either not yet been discussed by the Bureau or have been discussed and are awaiting further clarifications before a decision of the Bureau on the status of the complaint will be made). Furthermore, the Secretariat no longer registers complaints which are not eligible, therefore the category “not relevant” is no longer in use.
