

## Global Education Week 2022 - INFO SESSION

WHEN: 13 Oct 2022, 2:30 PM (CET)

TARGET AUDIENCE: Schools, Associations, Institutions, Teachers, Educators, Governments, Practitioners, new organisers.

### CONCEPT NOTE:

The info session will take place online, on Zoom.

The info session is aimed at providing relevant information on the 2022 GEW's edition, underlining the relevance of raising awareness on Global Education, welcoming new partners, explaining how to participate, sharing experiences, ideas and getting inspiration from each other.

It will also be a key moment to ask (and answer!) all questions from the audience and provide clear information on how to organise and event or join an already-planned initiative at the national level – thanks to the support of the national coordinators. Another important point, NSC and GEN will illustrate how to support the dissemination of the GEW - and the related initiatives - online and offline.

NEW! This year's info session will also include a more "interactive" moment to foster exchange: thematic break out rooms will be created according to the 2030 Agenda's 5 pillars, namely Peace, Prosperity, Planet, Partnership, People, based on the preferences expressed in the registration form. Thus 5 groups + 1\* (dedicated for "newcomers") will be formed and have 30/45 minutes to exchange. Each group will be facilitated and moderated by 1 or 2 people from the GEN.

---

\*Please note that upon the results of the registration form, we could decide to form less than 6 groups, for example by putting together 2 pillars, according to the number of people registered.

DRAFT AGENDA:

2.30 – 2.45: welcoming from the NSC - TBD

2.45 – 3.15: introduction to GEW 2022 (GEW 2022 priorities; overview on the target stakeholders involved; how to participate; explaining the toolkit, the Planning Document; the role of the National Coordinators) – Rozenn/Miguel/Elisabetta
