

## **For the attention of parents and children**

### **Information on the organisation of the educational process for Ukrainian children who were evacuated from their place of permanent residence as a result of the aggression by the Russian Federation**

[An All-Ukrainian online schedule](#) has been created for the convenience of organising the education process. It is implemented on the basis of an interactive Google Calendar, which is accessible for in real time. The schedule was developed for students in grades 1-11. The interactive schedule contains links to materials from various resources for school classes according to calendar and thematic planning: TV lessons, textbooks, etc.

### **Pre-school education**

[NUMO](#) online kindergarten with video activities for children ages 3-6. The initiative will help parents keep their children busy with cognitive and developmental activities and distract them from the war as much as possible. The first issue is available for viewing on the YouTube channels of the Ministry of education and science and UNICEF, and on the MEGOGO platform.
