Theme Title:

"Work, Dignity, and Human Rights: Building a Sustainable and Equitable Future in the Age of Artificial Intelligence."

Theme Description:

In a global context marked by rapid technological change, economic and environmental crises, and growing social inequalities, it is crucial to question the future of work and the protection of human rights. There is a need to explore the challenges and opportunities related to the impact of artificial intelligence on the labor market, the cost of living crisis, the gender pay gap, dignity in the workplace, the rights of young and old, and environmental sustainability.
