

Judicial Institute for Scotland

Introducing the Judicial Hub

A digital transformation project

Sheriff Alistair Duff

Judicial Hub

The Judicial Institute's Digital Transformation Strategy outlines the steps that are required to ensure Scotland's Judicial Training Institution is well placed to take full advantage of all the opportunities offered by the digital age, ICTs and Learning Technologies.

- The Judicial Hub has been designed and developed to provide an fully integrated one stop shop virtual learning and communications platform
- Transforming delivery of and access to judicial information and communications , publications and resources and training and learning to ensure all information is provided online, is easily accessible 24/7 and is shaped around judicial office holders needs.
