

Digitalisation, innovation and HELP integration - support to national authorities in effectively addressing current training challenges

Tigran Karapetyan

Head of Division, Transversal Challenges
and Multilateral Projects

WHY?

- COVID/WAR: overcoming limitations for capacity building
- SUSTAINABILITY: materials stay online
- FLEXIBILITY: self-learning part of training
- WIDER GEOGRAPHY: no need to travel
- DIGITAL TRANSFORMATION: more digital tools used by justice stakeholders
- QUALITY: Highest quality expertise in designing courses

HOW?

- Networking advantage – HELP network members are active stakeholders in their respective MS
- Courses - capacity building in projects
- Platform - specialised networks
- Training delivery – special needs for trainings under projects
- Branding advantage – HELP course enjoy a high degree of confidence

EXAMPLES

- Training institutions as key beneficiaries of projects – Croatia
- Data protection, Prevention of Ill-Treatment, etc.
- European NPM Forum
- Special training on civil procedure rules for Cypriot lawyers
- Cooperation with Universities on Human Rights Environment and Business
