# Barnahus in Sweden

- Barnahus pilots started in 2005 in 6 municipalities
- Now 33 barnahus in 247 of 290 municipalities
- All barnahus different

# Strenghts

- Awareness of the rights of a child and the consequences of violence
- An interest in developing the barnahus model
- Existing national networks for barnahus and barnahus coordinators organized by Barnafrið

# Challenges to be tackled

- All children in Sweden do not have access to a Barnahus
- A lack of national governance and quality criteria
- Insufficient services
- A need to strengthen the child rights perspective regarding information, participation and support
- An integrated model for minor offenders
