

Octopus Conference 2021

Lightning Talk: Project CYBBAR

CYBBAR: Cybercrime Victimization Barometer

Piloting a model for a comparative business survey on cybercrime victimization in the EU

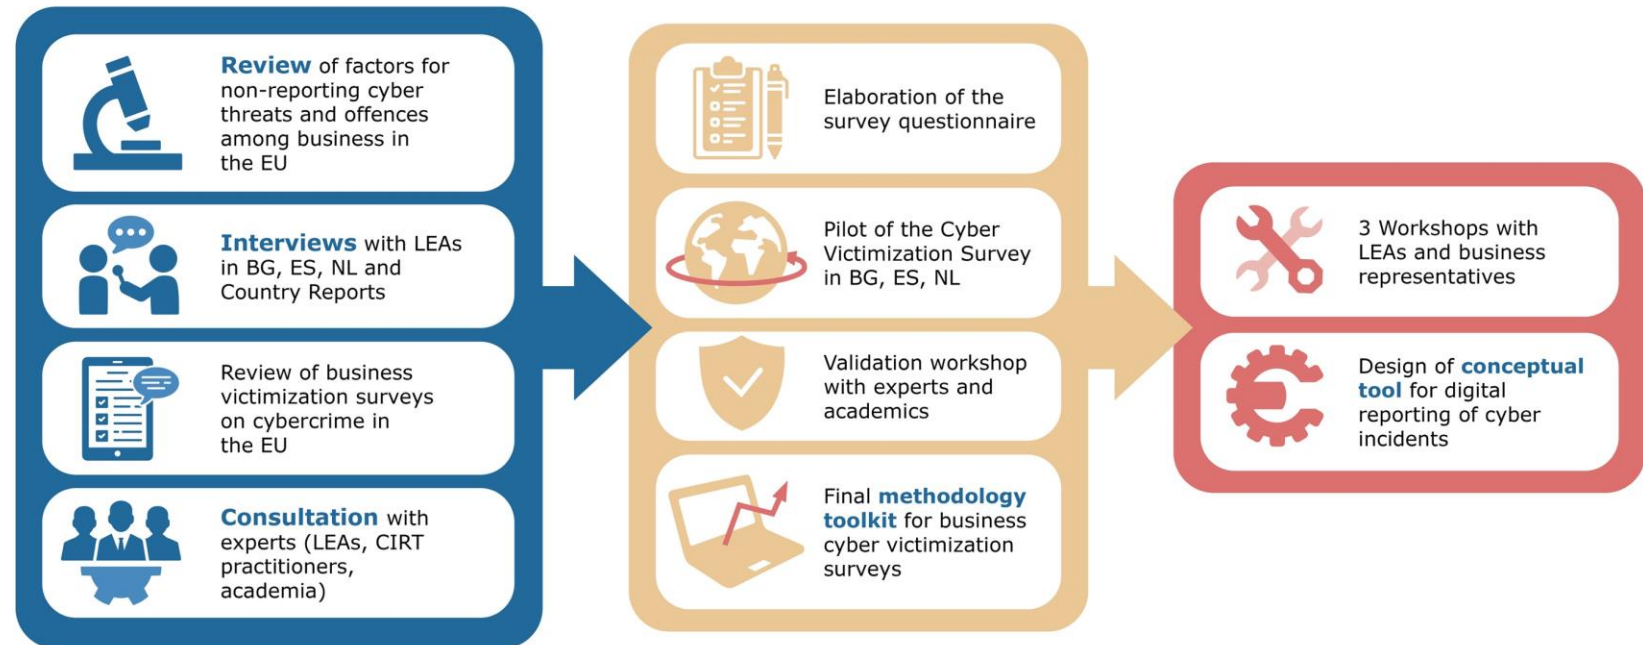

Co-funded by the Internal Security Fund – Police of the European Union

Objectives

- Pilot a model for an EU-level standardized business survey on cybercrime victimization
- Enhanced cooperation between LEAs and businesses in reporting and investigations

Major Outputs

- Methodology toolkit for conducting business cyber victimization surveys
- Conceptual tool for digital reporting of cyber incidents

Duration: 24 months, as of Nov. 2021
Coordinated by Center for the Study of Democracy, csd.bg
Project Coordinator: Dr. Tommaso Comunale, tommaso.comunale@csd.bg
