

# Good practices !

## SLOVAKIA (AWARENESS)

Simple leaflets for owners of shops, cosmetic stores and pharmacies created with information for their employees on how to react in case the potential victim of violence reaches them at their workplace with request for help .

## DENMARK ( PROTECTION )

Children with special social, educational or treatment needs enabled to stay in their day care or school (including children who experience problems at home to an extent, that they need a break from everyday life).

## AUSTRIA (ACCESS TO JUSTICE)

Filing interim injunctions simplified (submission to the relevant court via post, e-mail, or fax acceptable);

## PORTUGAL (SECURITY)

Recommendations of the Directorate General of Education in conjunction with the National Center for Cybersecurity and the National Commission for Data Protection on "Study at Home: Security Recommendations"

Thank you!
