

7TH MEDITERRANEAN UNIVERSITY ON YOUTH AND GLOBAL CITIZENSHIP (MedUni)

9-16 June 2019

Hammamet, Tunisia

CALL FOR ACTIVITIES

Deadline for proposals: 16 March 2019

The Network on Youth and Global Citizenship and its “Universities”

The Network on Youth and Global Citizenship is a partnership facilitated and coordinated by the North-South Centre of the Council of Europe that gathers youth-led organisations, youth platforms, governmental and intergovernmental institutions from Europe, the Southern Mediterranean and beyond.

The Network encourages the definition of a common agenda and the implementation of common actions in order **to foster democratic participation and global citizenship among young people**, whilst upholding the principles, values and standards of the Council of Europe and the UN 2030 Agenda for Sustainable Development.

Every year the Network promotes international youth events called “Universities” which provide an exceptional space for young people, youth organisations, youth-related institutions and youth decision makers **to meet, debate, build their capacities and cooperate on youth policies’ issues.**

In the year 2019 the Network of Universities on Youth and Global Citizenship organises two Universities:

- 7th MEDITERRANEAN UNIVERSITY ON YOUTH AND GLOBAL CITIZENSHIP (MedUni)
Hammamet (Tunisia), 9-16 June 2019.
- 20th UNIVERSITY ON YOUTH AND DEVELOPMENT (UYD)
Mollina (Spain), 15-22 September 2019.

The educational model implemented in the MedUni is largely inspired by the [Global Education Guidelines](#) and based on non-formal education methodologies. It follows the Council of Europe’s [Recommendation on Education for Global Interdependence and Solidarity](#) and aligns with the [Reference framework of competences for democratic culture](#).

The Mediterranean University on Youth and Global Citizenship (MedUni)

The Mediterranean University on Youth and Global Citizenship (MedUni) is an activity facilitated and coordinated by the North-South Centre of the Council of Europe in partnership with l'Observatoire National de la Jeunesse (ONJ) [Tunisia] and other youth serving organisations from Europe and the Southern Mediterranean, within the Network on Youth and Global Citizenship.

The Mediterranean University on Youth and Global Citizenship is a framework event where **different youth-led and youth-oriented organisations have the possibility to run their own activities within a multilateral cooperation context**, which encourages networking, peer education, design of common advocacy strategies and sharing of knowledge and opportunities.

Since 2013, the MedUni represents an opportunity to explore the concept of global education and global citizenship, to encourage dialogue between decision makers and young people, to advocate for youth participation and to empower young people towards their rights and duties.

Main objectives:

- To enhance youth cooperation, youth work and youth empowerment through peer-learning, networking and the exchange of good practices.
- To increase the mainstreaming of the youth-related issues through a bottom-up approach and a multilateral cooperation effort of a large number of youth stakeholders.
- To engage with young people in decision and policy making, building together recommendations on youth-related issues.
- To improve the capacity of youth organisations to contribute to the global agenda on youth participation being able to identify and address new challenges.
- To foster a structured dialogue among governments, parliaments, local and regional authorities' representatives and youth organisations and youth leaders.
- To promote human rights, intercultural dialogue and democratic citizenship as essential dimensions of global development education.

The MedUni is based on the bottom-up approach for the development of the youth agenda and aim at involving all the actors of the quadrilogue (representatives of the governments, parliaments, regional and local authorities and civil society).

The annual theme

For the period 2018-2020 the Network on Youth and Global Citizenship agreed on a **three-year cycle under the umbrella theme “the United Nations Sustainable Development Goal 16: “peace, justice and strong institutions”**.

The umbrella theme is the overarching topic of the Network for the cycle 2018-2020 and represents the thread that connects all the activities, the advocacy efforts and the awareness raising initiatives taking place in the framework of the universities, ensuring coherence and greater impact in the medium-term.

Every year, the umbrella theme is broken down into specific annual focuses with the aim to unfold different but complementary elements of it. The annual focus represents the priority of the universities happening in the same year. Within the umbrella theme “UN SDG 16: peace, justice and strong institutions, the annual focus for 2019 is: “Youth and Justice”.

[Please see the concept note “Network of universities on youth and global citizenship 2018-2020” to explore in detail the three-year umbrella theme and the 2019 annual focus.](#)

The structure and the programme of the MedUni

The Meduni 2019 will take place from the 9th (arrivals day) to the 16th (departures day) June 2019.

During this week different organisations have the possibility to develop their own activities (training, workshop, seminars etc...) within a common pedagogical framework: the Joint Programme.

The Joint programme of the University explores and develops the annual focus (Youth and Justice), giving the opportunity to all the partners organizations and their participants to reflect and interact around this topic, in view of a joint advocacy effort.

The Joint Programme connects all the activities implemented in the framework of the MedUni, allow a transversal reflection among participants involved in different activities, enrich the learning process and provide networking space for everyone.

The “Joint Programme” is developed by the Joint Pedagogical Team, which works transversally to all the partner activities taking place within the University and engage with all participants, encouraging synergies and peer-education moments.

The Joint Pedagogical Team is composed by experienced trainers and professional youth animators mastering non-formal education methodology and with multifaceted creative competences which guarantee an interactive pedagogical approach on global education for a fruitful intercultural learning experience.
