After finishing the Charles University in Prague, I had a short work in the law office. Since 1993, I am working in the Ministry of Justice of the Czech Republic. I am dealing with complaints and then in the Department of judicial supervision. I am specialized in civil law. My main task is to supervise the work of courts, especially with regard to the length of civil proceedings, but I am also involved in any other business concerning non-criminal matters; for example, I participated in introducing mediation in non-criminal cases into Czech legal system.

I have been a member of CEPEJ since 2003, I participated in different activities. In 2006 and 2007 I was a member of the working group on mediation - CEPEJ-GT-MED and later SATURN Centre for judicial time management. I am also the national correspondent.
