

***Committee of Experts on Strategic Lawsuits  
against Public Participation (MSI-SLP)***

**MSI-SLP(2022)04  
2 May 2022**

**1<sup>st</sup> Meeting – 4-5 April 2022 (hybrid)**

**MEETING REPORT**

**Opening, agenda, elections**

1. Mr Patrick Penninckx, Head of the Information Society Department, Council of Europe, opened the meeting. He provided information on the financial and legal implications of the cessation of membership of the Russian Federation within the Council of Europe, including that the Russian Federation will cease to participate and have representatives in steering and expert committees and, as a consequence, a new member State representative shall be elected as MSI-SLP member by the [Steering Committee on Media and Information Society \(CDMSI\)](#).
2. Mr Penninckx reminded members the importance of their task, to draft a recommendation on SLAPPs, with a view to pushing back a phenomenon greatly impacting the work of public watchdogs. In this context, he referred to the webinar organised on 31 March by the Council of Europe together with the Group of Friends on the Safety of Journalists and Media Freedom in Strasbourg, and the testimony offered by Ms Anna Murlykina, journalist from Mariupol and editor-in-chief of the biggest independent news portal in the Donbass region, to further stress the crucial work carried out by journalists to safeguard public participation, also in war times. Mr Penninckx reminded the chilling effect of SLAPPs, aimed at silencing their targets while also destructing the right of everyone to be informed. He invited members to find guidance in

the relevant judgements of the European Court of Human Rights and in previous relevant instruments of the Council of Europe. He also informed about the motion tabled by the Parliamentary Assembly to the Council of Europe (PACE) Committee on Culture, Science, Education and Media that could lead to the adoption of a resolution and recalled the EU package soon to be adopted on relevant SLAPP-related aspects.

3. Mr Taavo Lumiste, Chair of the CDMSI, welcomed members and participants and provided information on the CDMSI, to which the MSI-SLP is a subordinate body, as well as on its activities and priorities within the current biennium and beyond. He further stressed the importance of the task before the MSI-SLP and noted how this work will be complementary to the other two subsidiary committees to the CDMSI, in light of the common goals pursued. He therefore encouraged the members cooperate as appropriate with the mother Committee as well as, where necessary, with the [Committee of Experts on Increasing Resilience of Media \(MSI-RES\)](#) and [Committee of Experts on the Integrity of Online Information \(MSI-INF\)](#).
4. The MSI-SLP members adopted the meeting agenda (Appendix 1) without amendment. The list of participants to the meeting appears in Appendix 2.
5. Ms Giulia Lucchese, Secretary to the MSI-SLP, introduced the main objectives of Council of Europe standard-setting work and presented the working methods and procedures of expert committees, in line with Resolution [CM/Res\(2021\)3](#) on intergovernmental committees and subordinate bodies, their terms of reference and working methods. She also provided some background to the MSI-SLP's Terms of Reference and the expected deliverable, as well as a brief overview of the Council of Europe standard-setting and other documents of relevance for the MSI-SLP (the list of reference documents is available on the MSI-SLP website).
6. The members of the MSI-SLP held a *tour de table*, they introduced themselves and briefly shared their expectations from the work of the Committee.
7. The MSI-SLP proceeded to elections. With only one candidate proposed for each of the functions, the MSI-SLP unanimously elected Ms Karmen Turk (Estonia) as its Chair and Mr Željko Martyn Sampor (Slovak Republic) as its Vice-Chair. Ms Evelyn Borg Costanzi was appointed as Gender Equality Rapporteur.

8. The meeting was further chaired by the newly elected Chair. Members of the MSI-SLP presented their initial views on the most outstanding issues to be addressed in the draft Council of Europe recommendation on SLAPPs that it is expected to be finalised and submitted to the CDMSI for approval by the end of its mandate in December 2023. Once approved by the CDMSI, the draft recommendation will be transmitted to the Committee of Ministers for adoption.

### **Conclusions and decisions**

9. The Committee considered that the draft recommendation should be a clear, focused and self-standing instrument. The members of the Committee reiterated the importance of complementing existing instruments and of operationalising relevant standards and principles, in particular those deriving from the case-law of the European Court of Human Rights and relevant Council of Europe instruments. It was also noted that the Committee should show positional awareness, taking into account policies addressing relevant SLAPPs-related issues adopted by domestic, regional and international fora and avoid unnecessary duplication or contradictions (e.g., questions of jurisdiction). It was therefore agreed to complement the future recommendation with an accompanying explanatory memorandum as an interpretative support tool.
10. The MSI-SLP also agreed that the draft recommendation should provide concrete guidance to member States and stressed the importance of designing both legal and other complementary measures providing meaningful guidance, with a view to have a concrete impact on addressing SLAPPs. At the same time, they also agreed that the draft recommendation should be flexible enough to be effectively implemented in different domestic legislations and to enable effective international cooperation.
11. The MSI-SLP considered that the recommendation should address SLAPPs in a comprehensive fashion, covering all breeds of public watchdogs, also in consideration of the European Court of Human Rights' approach towards the protection of the participation in public debate, online and offline. To this end, the members agreed to strive for a formulation of a working definition of SLAPPs which should identify the key features and criteria, be broad and open ended.

12. The Expert Committee discussed the possibility to address certain measures to relevant stakeholders other than member States, such as the judiciary, legal professionals and press councils. They agreed to focus on legal measures such as preliminary procedure, burden of proof and preventive mechanisms, including training, awareness raising and educational programmes, and to reflect on the opportunity to provide for sanctioning measures, such as shifting of legal costs. The experts noted that the cross-border dimension is relevant and agreed to consider further this aspect once the EU package on SLAPPs will be adopted and made public. The experts also agreed that targets of SLAPPs should have access to financial and legal mechanisms providing support if such don't exist or are not sufficient.
13. The MSI-SLP designated Ms Flutura Kusari and Mr Tarlach McGonagle as drafting Rapporteurs for the draft recommendation and its explanatory memorandum.
14. The Expert Committee agreed to hold its next meeting on 18-19 October 2022. Should the public health situation permit, the meeting will again be held onsite in Strasbourg, with a possibility for online participation.

#### **Any other business**

15. In line with the established practice, the Secretariat will share the draft meeting report with the MSI-SLP members, allowing for comments within five full working days. In the absence of comments, the report will be deemed agreed, uploaded on the website of the MSI-SLP and transmitted to the CDMSI for information.

## Appendix 1

### 1<sup>st</sup> Meeting Agenda

4-5 April 2022, 10.00-12:30, 14:00-16.30

Hybrid - Room G03, Agora Building, Council of Europe, Strasbourg and  
Online via KUDO
