## **Resolution 311 (2010)<sup>1</sup> Municipal elections in Georgia (30 May 2010)**

1. The Congress of Local and Regional Authorities of the Council of Europe takes note of the preliminary draft recommendation regarding the municipal elections in Georgia of 30 May 2010 and mandates its Institutional Committee with the supervision of the post-electoral process. The Congress:

*a.* refers to its Resolution 306 (2010) of 18 June 2010 concerning observation of local and regional elections – strategy and rules of the Congress, which stipulates – in respect of Congress recommendations and resolutions arising from observation reports – that if no progress is achieved after one year, the Congress can decide to request, if applicable, an opinion of the European Commission for Democracy through Law (Venice Commission), and to ask the Parliamentary Assembly to consider the issue under the monitoring process;

*b.* asks the Committee of Ministers to take note of the present recommendation and its explanatory memorandum, and to transmit them to the relevant bodies in the inter-governmental sector of the Council of Europe, to the Venice Commission, the Directorate General of Democracy and Political Affairs, the European Committee for the Prevention of Torture and Inhuman or Degrading Treatment or Punishment (CPT), the Group of States against Corruption (GRECO) and the Commissioner for Human Rights;

*c.* invites the Parliamentary Assembly of the Council of Europe to take account of the above recommendation in its procedures for monitoring Georgia's commitments and undertakings;

*d.* in the light of the afore-mentioned Resolution 306 (2010), affirms its interest in strengthening co-operation with other international election observers, notably with the Organization for Security and Co-operation in Europe's Office for Democratic Institutions and Human Rights (OSCE/ODIHR). With the aim of optimising working relations with other institutions in the framework of international election observation missions (IEOMs), the Congress will consider proposing the deployment of staff to take part in pre-election missions of other institutions (for example in ODIHR long-term election observation missions).
