Information - examination of non-accepted provisions

The Norwegian Ministry of Labour and Social Inclusion refer to letter 1 December 2025 inviting Norway to provide updated information on the situation in law and practice in respect to the non-accepted provisions of the European Social Charter.

Norway has recently accepted Article 3§1 and Article 27§3. We can inform you that there is an ongoing process to review the remaining non-accepted provisions to assess which of them may be considered for possible acceptance. The assessments concern various areas of responsibility and involve several ministries. We will provide you with an update when there is relevant progress to report.

Yours sincerely
