

# NORTH-SOUTH CENTRE OF THE COUNCIL OF EUROPE

NSC/EC(2023)1 – 2022 Report of activities

The **EUROPEAN CENTRE FOR GLOBAL INTERDEPENDENCE AND SOLIDARITY**, more commonly known as North-South Centre, is an Enlarged Partial Agreement of the Council of Europe created in November 1989.

The North-South Centre (NSC) was the result of a European public campaign which aim was to raise public awareness of the complex structural relationship which affected European and Southern countries and to promote policies of solidarity.

The North-South Centre has over 30 years of experience in raising awareness about global interdependence and solidarity on the principles of global education (GE) and intercultural dialogue. It provides a platform for constructive dialogue between Europe and other parts of the world from a win-win perspective.

The North-South Centre gathers people from different backgrounds and cultures to learn from each other and together build stronger, more resilient, and critically aware societies grounded on the values of human rights, democracy, and equity. In doing so, the North-South Centre acts as an interface of the Council of Europe in Europe and abroad, a window to the South, and an instrument of its policy towards neighbouring regions.

The North-South Centre develops multilateral, regional and interregional cooperation projects that include field activities around three main topics: global education, youth cooperation and women empowerment. The main mechanisms of intervention are:

- **Advocacy and confidence-building:** encouraging a structured dialogue among elected representatives and other sectors of society to act on legislation for everyone to enjoy their universal rights in a more sustainable planet.
- **Capacity building:** expanding expertise, knowledge and critical understanding through dialogue, peer education and intercultural learning.
- **Awareness-raising:** spreading the message that every individual has a role and responsibility in building inclusive and sustainable societies.

The activities of the North-South Centre gather four main partners: governments, parliaments, regional and local authorities, and civil society. The latter is especially relevant to the work of the North-South Centre, which aims at taking its lead from experiences at the grassroots level by empowering, supporting and working hand in hand with civil society, in particular with women and youth organisations.

### INTERCULTURAL LEARNING EXCHANGE THROUGH GLOBAL EDUCATION, NETWORKING AND DIALOGUE (iLEGEND II)

---

October 2019 - October 2022

The project entailed different capacity building, advocacy and awareness activities to strengthen Global Development Education in the Balkans, Baltic, Southeast Europe and Mediterranean and Visegrad regions.

The final external evaluation concluded that despite the project having started only some months earlier than the outburst of COVID-19, the NSC managed to adjust the project features to achieve its objectives. The evaluation concluded that the project was relevant for the target groups and stakeholders and adapted to the different socio-political contexts and to the changing environment of the sanitary crisis of COVID-19. The NSC methodology, based on the political and educational pillars, proved to have a clear added value. Beneficiaries declared to be satisfied with the results both in educational and in political terms. The management of the project was effective and the expected outcomes were produced in a cost-effective manner. The evaluation showed as well that the impact of the project was significant in terms of the competences developed by practitioners, contributing as well to increase the knowledge of policy makers and the public awareness and understanding of global/development education.

### EURO-MEDITERRANEAN COOPERATION FOR THE PROTECTION OF WOMEN AND GIRLS AGAINST VIOLENCE (South Programme IV)

## INTERCULTURAL LEARNING EXCHANGE THROUGH GLOBAL EDUCATION, NETWORKING AND DIALOGUE

(iLEGEND III)

---

December 2022 - December 2026

The project seeks that citizens - in particular young people - from the EU, candidate and potential candidate countries are empowered and actively engaged in safeguarding sustainable development and confronting global challenges and inequalities at local and global level. It does so by promoting global education as an interdisciplinary approach that supports learners with the values, attitudes, skills and knowledge necessary in the 21<sup>st</sup> century to reflect, understand and assume individual responsibility for social, ecological, political, economic, and ethical issues of common concern. The project aims to enhance interregional co-operation to build bridges between the European youth and youth from partner countries; better integrate global education into formal and non-formal education sectors; reinforce the capacities of strategic stakeholders; and raise public awareness of the relevance of the Sustainable Development Goals, the European Consensus for Development and everyone's co-responsibility to achieve those goals.

## SUPPORTING A CULTURE OF PARTICIPATION AND ACTIVE CITIZENSHIP TO COMBAT GLOBAL CHALLENGES IN THE SOUTHERN MEDITERRANEAN (South Programme V)

---

September 2022 - September 2025

The project is integrated in the fifth phase of the South Programme: Protecting human rights, rule of law and democracy through shared standards in the Southern Mediterranean.

The project aims at enhancing civil participation and regional cooperation in the Southern Mediterranean by supporting dialogue between Civil Society Actors (CSAs) and public authorities and by supporting the capacities of the latter to combat global challenges.

It seeks:

- to enhance the capacities of CSAs in the region - with emphasis on youth CSAs - to address global challenges through common tools and responses based on European and international standards.
- to support civic participation by promoting cooperation, confidence-building and dialogue among various actors in the definition or revision of policies to improve practices that contribute to address global challenges.

## VOLUNTARY CONTRIBUTIONS FROM THE MEMBER STATES OF THE NORTH-SOUTH CENTRE OF THE COUNCIL OF EUROPE.

### ALL INFORMED ALL CONCERNED : PROMOTING DIVERSITY AND EQUALITY

Voluntary Contribution from Spain,  
and Portugal

---

January 2022 - December 2023

The project aims to contribute to a society of critically informed individuals that increase their commitment to combatting global threats and promoting peaceful and inclusive societies. The project seeks to promote inclusion of under-represented and under-resourced voices in media and the global governance discussions.

It intends to raise awareness of the negative consequences of global digital inequalities communication biases and media misrepresentations. It will do so by creating a platform of intercultural amplifiers/influencers - journalists, media agents and social media influencers - to promote diversity through an intersectional approach, as well as by setting up a mechanism to produce an annual analytical report that will feed into the annual campaigns of the NSC and the Lisbon Forum, contributing to relaying the issues to decision-makers.

### PEACE YP: PROMOTING EURO-AFRICA COOPERATION TO ENHANCE YOUTH PARTICIPATION FOR PEACE

Voluntary Contribution from Spain,  
Malta and Portugal

---

January 2022 - December 2024

The project aims to strengthen the capacities of youth civil society in their efforts to build peace and achieve the UN's Sustainable Development Goals through a more coordinated and inclusive Euro-Africa interregional cooperation, as well as enhance interregional youth cooperation to foster cross-sectorial policies and multilevel governance. It does so through designing training courses, organising grant schemes, an African University on Youth and Development and an annual meeting in the EMEA region.

The 2022 Lisbon Forum was an opportunity to reflect about how the Russian aggression to the Ukraine is affecting international co-operation at large, and more specifically co-operation with other regions, like the Southern Mediterranean. The Forum also addressed concerns on how to best protect human rights, democracy, and the rule of law in contexts of conflict or fragile contexts. The NSC created and distributed an online quiz, which provides insights and understanding of intersectional discrimination. Individual respondents were also invited to share their personal experiences of discrimination through the quiz.

Furthermore, a specific webpage was also made available with a video and tools for professionals and activists to put intersectional inclusion into practice in their work.
