№ 188/2021

26.02.2021

Ursula Sticker  
Secretary of the Bern Convention

Kyiv, 24 February 2021

**Subject: Complaint No. 2018/5: Other complaint: Alleged threats to the Emerald Network sites Skhidnyi Svydovets, Marmaroski ta Chyvchyno-Hryniavski Hory and Carpathian biosphere Reserve**

Dear Ms Ursula,

No further movement concerning this complaint was observed. The planned project (Svydovets ski resort) was neither rejected nor implemented further. The EIA of the project is still on the early stage. At the same time, authorities from the Transcarpathian regional administration still demonstrate willingness to support implementation of the project, while authorities from the central governmental bodies remain passive.

Therefore, the threat to Emerald Network sites still exists.

Thanks.

Kind regards,  
Oleksii Vasyliuk, UNCG
