THE INTERNET HATE MONITOR

NHG

NÄTHATS-
GRANSKAREN

THE OBJECTIVE OF OUR OPERATIONS

NHG wants to create better conditions for the democratic dialogue in social media by preventing and combating hate speech

WE DO THIS THROUGH

1. Searching for and reporting hate speech online to the judiciary.
2. Strengthen the expertise and methodology within the criminal justice system.
3. Reducing the number of unreported online hate crimes.
4. Lobbying for new laws but mainly making the criminal justice system use the existing laws.

THE RESULTS 2017

1. 800 reports on more than 1 500 hate crimes.
2. 608 persons reported for hate crimes.
3. 163 or 27 percent of those have gone to court so far.
4. Convictions in Swedish courts for hate speech online has increased by 1 000 percent.

Har sett en jävla massa som postar bilder som beskriver psykiska sjukdomar och den bilden som ska föreställa bipolär sjukdom är way of. Jag har typ 2 och det känns ungefär som att dela kropp med en självmordsbenägen demon...när man har en "dipp" o det är extra jobbigt så är allt skit och självmord är det tankarna styrs emot...självkärl endast tankar men det är det som är grejen det är en konstant strid mot den demonen som bara vill ont o vill helst av allt bara dö. Det är bipolär typ 2.
