## **EXECUTIVE SUMMARY AND DECISIONS TAKEN**

The PC-CP WG:

- Adopted its agenda (see Appendix I) and its order of business and took note of the summary meeting report of their 28th Working Group meeting, document PC-CP(2022)1;
- Took note of the information provided by Carlo Chiaromonte, Head of Criminal Law and Counterterrorism and Secretary to the CDPC regarding the last plenary meeting of the Committee on 14-15 June 2022 and took also note of the list of decisions and in particular those related to the work of the PC-CP;
- Took note of the information provided by its Secretary, Iliana Taneva, regarding the latest organisational issues related to the forthcoming 27th Conference of Directors of Prison and Probation Services in Sevilla as well as of the state of redrafting of the White Paper on mental health and of the CM Recommendation on AI and related digital technologies used by prison and probation services and thanked her for her excellent work;
- Took also note that following a last-minute desistance of one of the scientific experts on mental health, Prof Charlie Brooker, Jorge Monteiro will present instead the work at the workshop on mental health during the Conference and that a new expert will be invited to join the PC-CP in this work and more particularly in relation to the drafting of a CM Recommendation in 2023;
- Considered and further revised the draft White Paper on the management of offenders with mental health disorders and noted that the Registry of the European Court of Human Rights and the CPT Secretariat had contributed to the paper by adding in their respective standards and recommendations and that the Steering Committee for Human Rights in the fields of Biomedicine and Health (CDBIO) will do so for the next meeting of the WG in September 2022. Agreed that the draft text should be ready to be finalised by the PC-CP plenary meeting in October 2022 and then ready for adoption by the CDPC Plenary meeting in November 2022 and that in view of the importance of the subject matter and of the work done so far, the PC-CP will recommend as a next step to draft a CM recommendation on the subject;
- Considered the draft Recommendation on AI and related digital technologies and made proposals for amendments and additions. Agreed that the scientific experts and the Secretariat will continue redrafting the text at a separate meeting at the end of August 2022 in order to prepare it for consideration at the WG meeting in September 2022;
- Discussed and finalised the preparation of the next day's 27th CDPPS (21-22 June 2022, Sevilla, Spain) and in particular the organisation of the different workshops and their moderating as well as the feedback to be provided to the PC-CP Chair in order to prepare the conclusions to be presented at the closing session of the Conference;
- Took note with satisfaction of the fact that the host of the 28th CDPPS will be Germany and thanked Manfred Kost for his contribution to taking this decision;
