BACKGROUND

The Azerbaijan Project “Strengthening capacities to fight and prevent corruption in Azerbaijan” constituted one of the four National Components of the CoE/EU Partnership for Good Governance (PGG) Programme “Fight against corruption and fostering good governance/ Fight against money-laundering”, specifically tailored to respond to the needs of Azerbaijan in the area of fight against corruption. The Project assisted Azerbaijani prevention and repression entities with building up their internal capacities, as well as supported the Azerbaijani Government in setting future priorities in the field.

NEEDS, OBJECTIVES, EXPECTED RESULTS AND ACTIVITIES

The **overall objective** of the PGG-AZ Project was to contribute to democracy and the rule of law through implementation of institutional reforms aimed at preventing and combatting corruption. This was sought to be achieved through strengthening of institutional capacities aimed at fighting and preventing corruption in the public sector. Project activities focused on the following three areas:

- **Prevention:** supporting capacities of key public service institutions with corruption prevention initiatives;
- **Enforcement:** strengthening the capacities of criminal justice institutions to investigate and prosecute corruption and other types of economic crime;
- **Strategic actions:** assisting with identification of future priority areas and modalities of actions to be taken.

The Project achieved the following results through activities agreed with national counterparts:

- **Expected Result 1:** Strengthened training capacities of the Commission for Combating Corruption and the State Examination Centre;

- **Expected Result 2:** Reinforced law enforcement capacities of the Anti-Corruption Directorate of the General Prosecutor;
- **Expected Result 3:** Supported the preparation of new National Anti-Corruption Action Plan (NACAP);
- **Expected Result 4:** Anti-Corruption training introduced into the public service and the education sector;

Assistance activities in each field included assessments, provision of expert advice, workshops, trainings, and roundtables. The activity results are documented in technical papers, handbooks, or other **written output** which are available on the Project website.
